

**OHIO ENVIRONMENTAL PROTECTION AGENCY (OHIO EPA)
2021 COMMUNITY AND LITTER GRANT AMENDMENT
BULLET POINTS**

- On July 20th 2021 Ordinance 393-21 was passed authorizing the City of Toledo to enter in agreement with Ohio EPA for the Community and Litter Grant.
- Total amount is \$80,000:
 - Grant funded \$64,000
 - 25% Matching Grant \$16,000 budgeted from Storm Water Improvement Fund.
- Original ordinance did not include authorization to collect at minimum \$0.50/tire as was required as stipulation for accepting funds.
- After discussion with OEPA it was agreed that for 2021 they would waive this requirement but the City would be required to accept any donations.
- The purpose of the required fees is to provide funding for future tire collection events.
