

**MAINTENANCE AND CONSTRUCTION AGREEMENT**

By and between

The City of Toledo

And

The Washington Local School District

The City of Toledo and the Washington Local School District have jointly participated in and the City has been awarded funding by the Ohio Department of Transportation (ODOT) Safe Routes to School (SRTS) program. The funds allow ODOT under the Safe Routes to School project, PID #117445 to install the following improvements on School District property: i.e., construct/repair sidewalks, traffic control improvements; improvements include curb ramps, pavement markings, signage replacement and installation of a bike rack, bike path, etc.

A requirement of the ODOT SRTS program requires the City and School District to develop a maintenance plan for the proposed project. Therefore, the City and School District agree to the following maintenance plan:

- The School District will maintain the items listed above by performing routine maintenance and needed repairs.
- The School District agrees to maintain the improvements listed above on School District property for a period not less than twenty (20) years from the construction completion date. The parties provide that this agreement is renewable for additional years if agreed by both parties.
- The City and the School District hold each other harmless from any liability that may arise in the normal course of construction, maintenance, and repairs.

We appreciate your attention and consideration of this matter. We, the LPA and School Board, concur with the project as outlined above and grant permission to the LPA, ODOT or their contractor, for the construction of the project improvement(s). The School District by virtue of this agreement grants a right of entry, at no cost by ODOT, the City or their contractors in order to construct all applicable project improvements on School District property. Please return the original signed letter at your earliest convenience and keep a copy for your records. Please also include a school board resolution letter showing the authority of the signatory agent.
