

A Fun Time in the 419!

2022-23 School Year Programming Recap

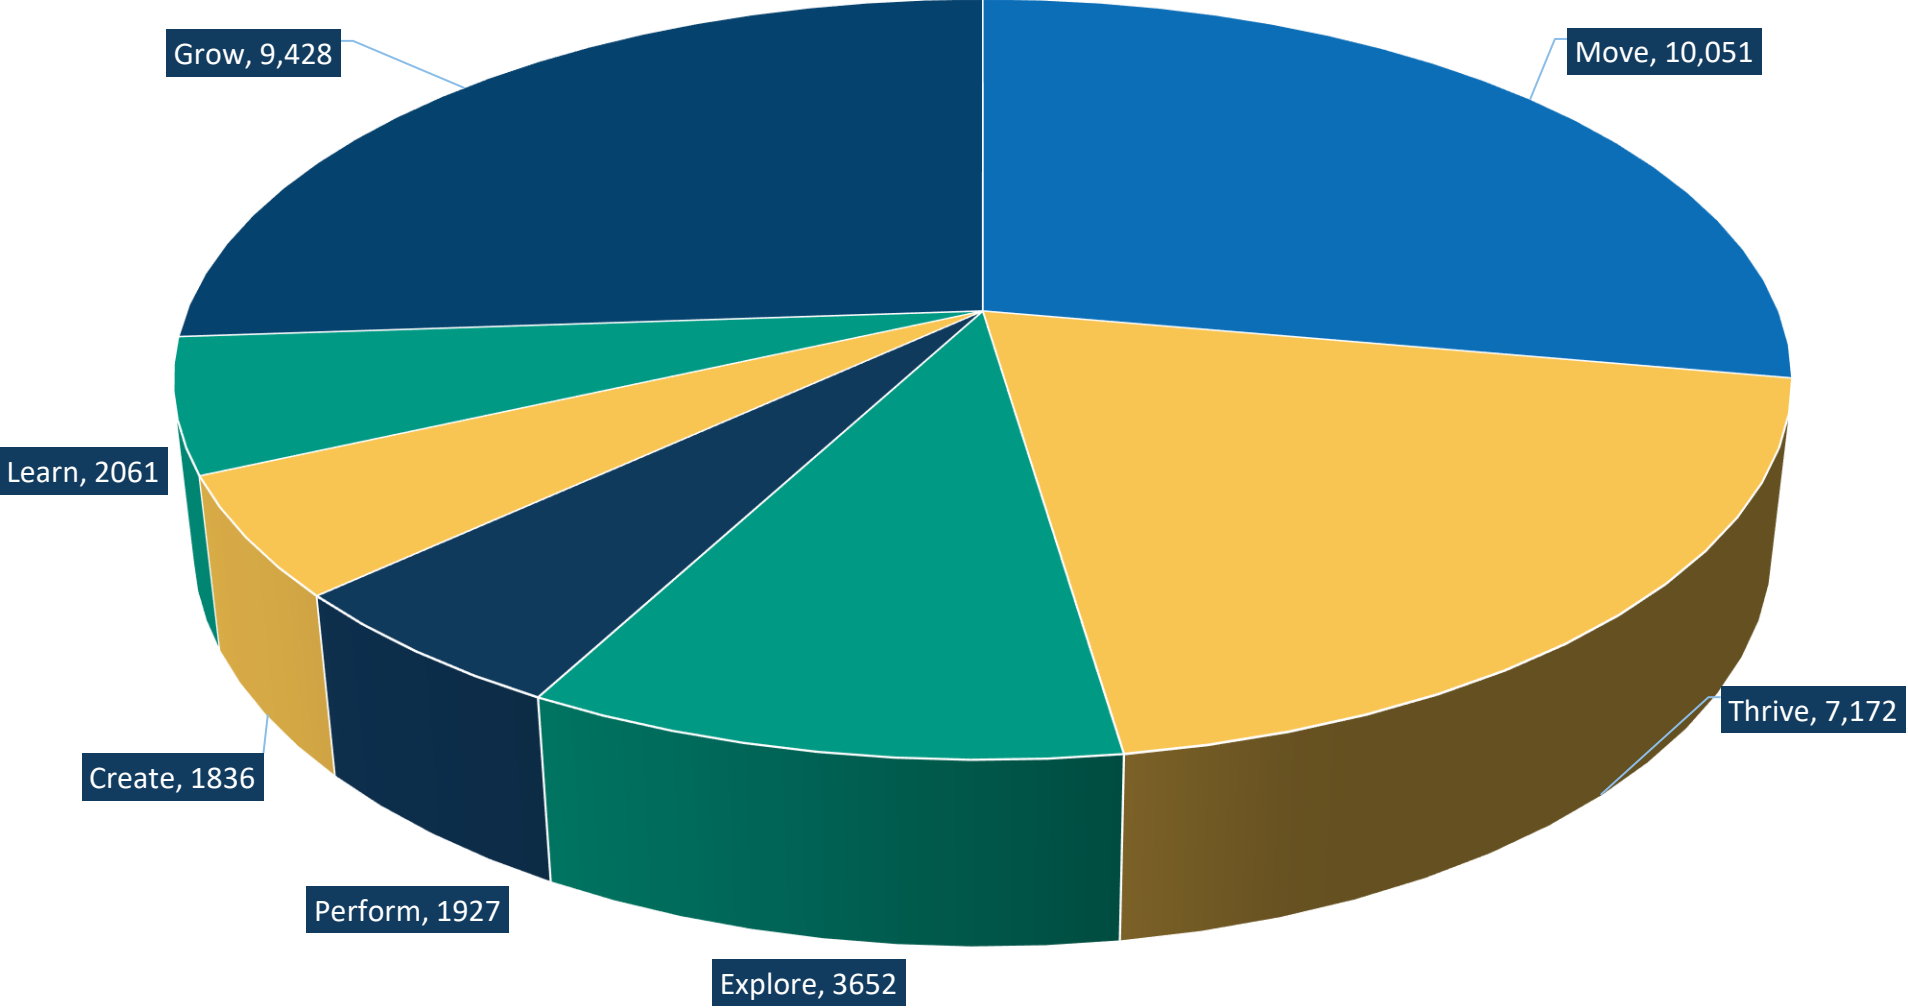

Investment: \$905,670

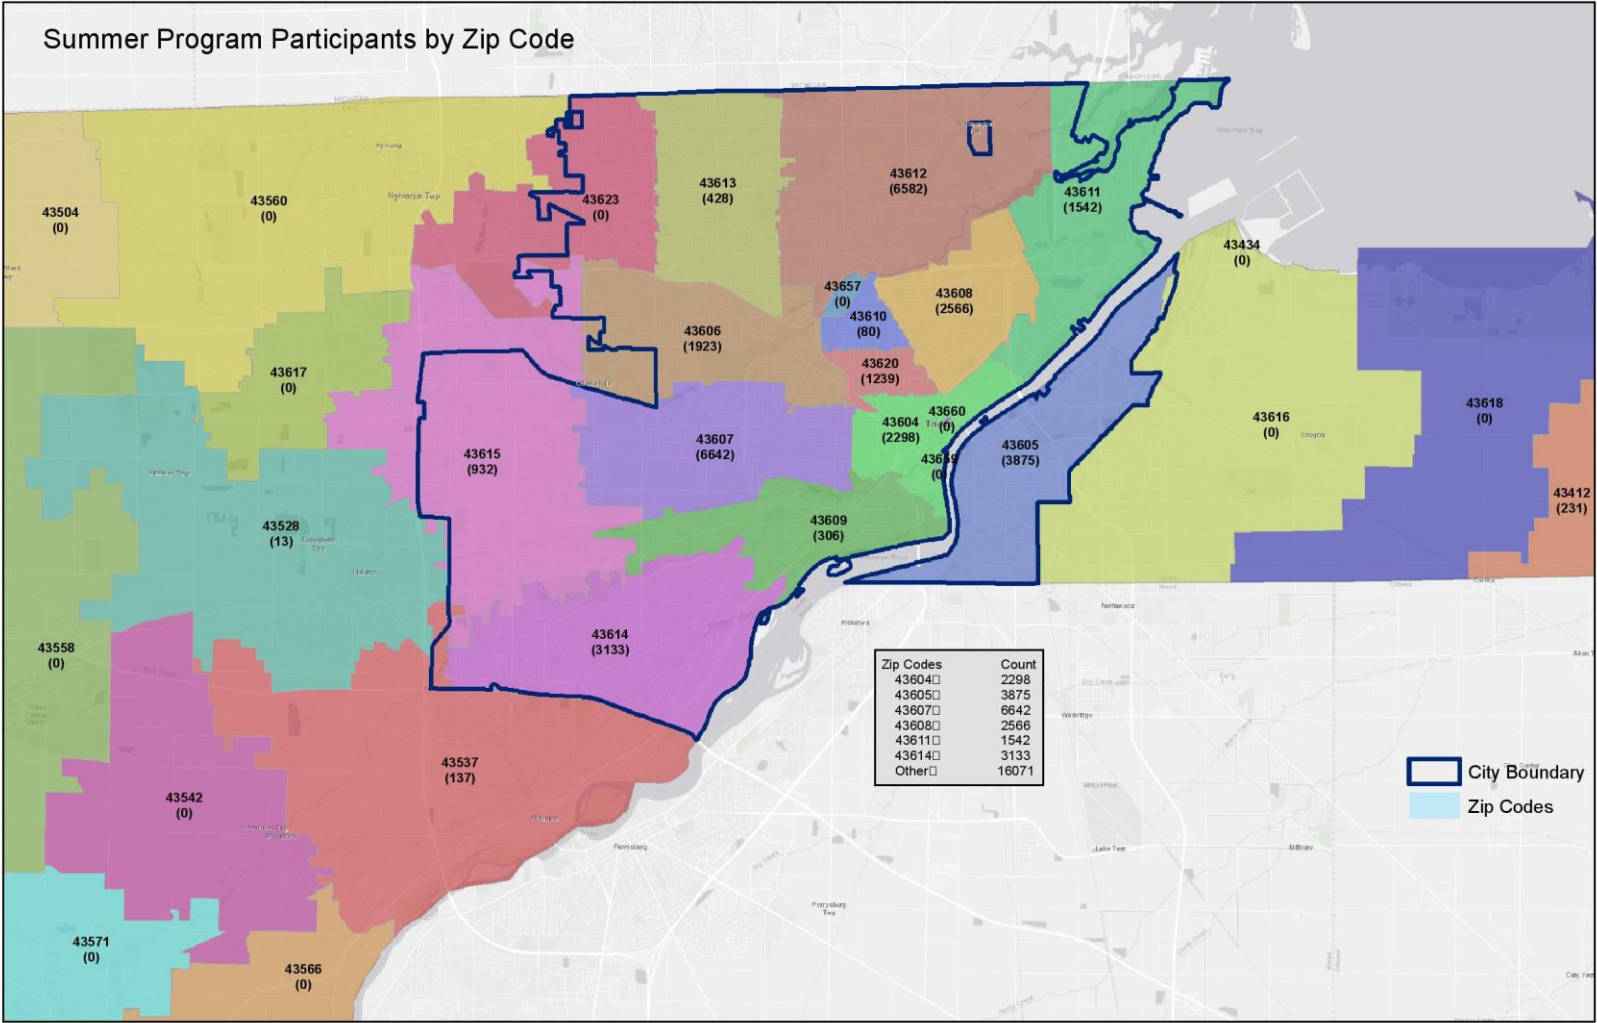

Program Partners: 55

Children Served: 36,127

Children Served by Zip Code

Protective Factors

Protective factors are conditions or attributes in individuals, families, and communities that promote the health and well-being of children and families.

- Help ensure that children and youth function well at home, in school, and in the community.
- Serve as safeguards and support to children.
- Help to build coping strategies under stress.

Evaluation Outcome

- 1616 Youth Surveys were collected.
- 86% of youth met a prosocial peer.
- 88% of youth learned from their program.
- 92% of youth said they would return to their program.
- 93% of youth enjoyed their program.
- 96% of youth met a caring adult.

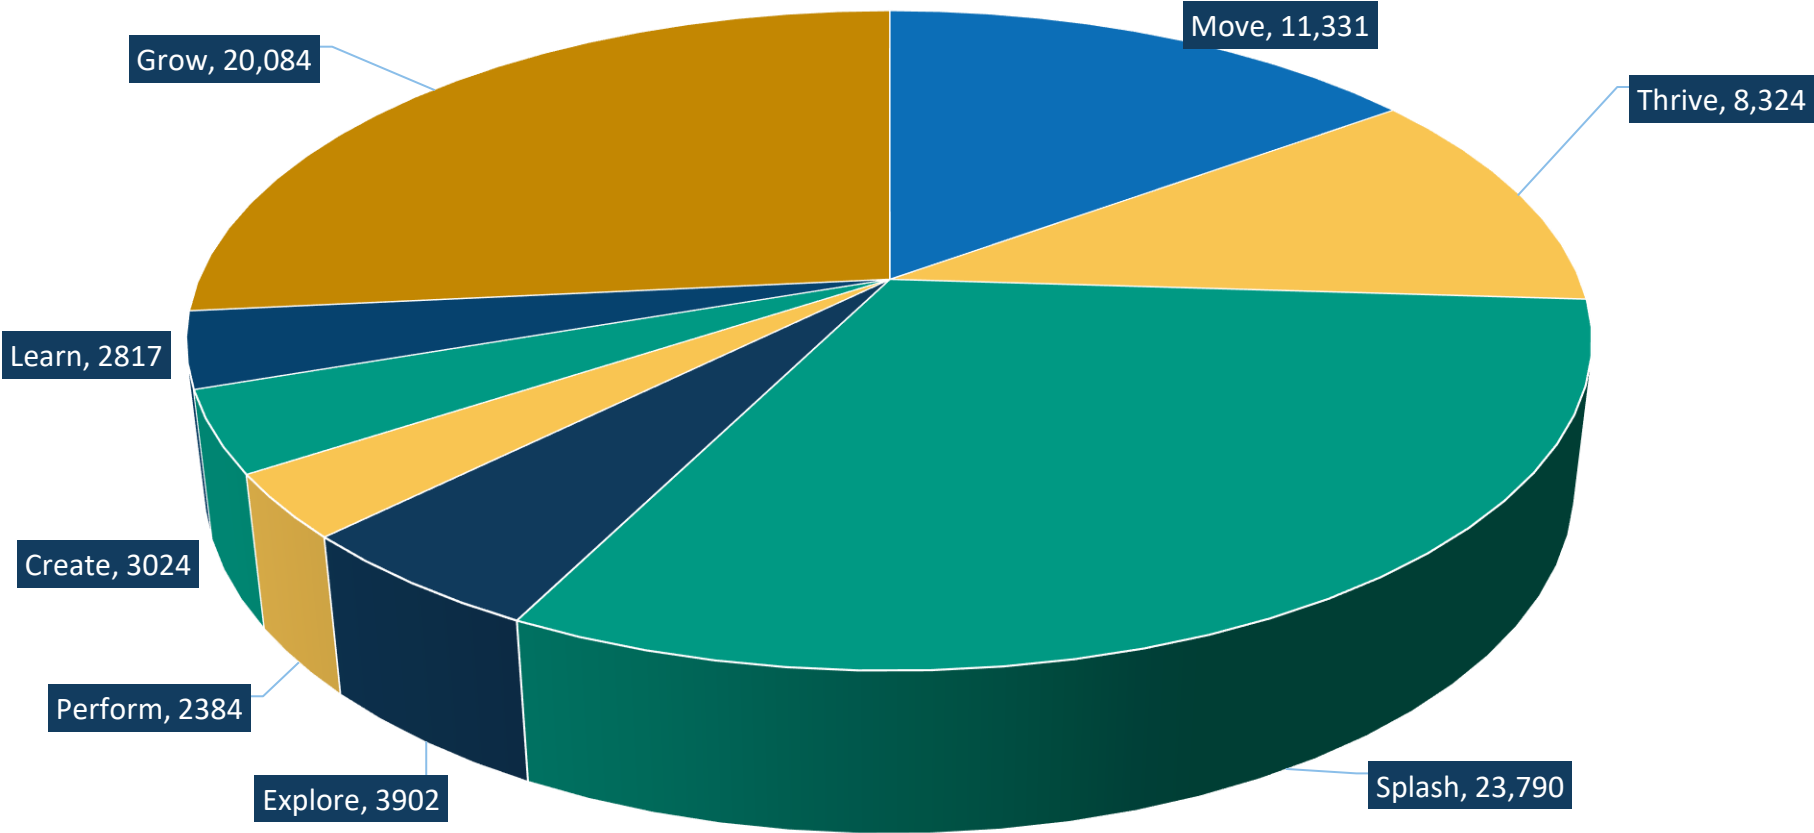

Testimonials

- “Amaysing Kids taught me how to brand myself and that what we do on social media lasts forever”.
- “I like that our coaches teach us lessons in basketball and made them relate to real life experiences”.
- “Thank you for funding 4th and Goal, it taught us breath control, and working as a team to meet the same goal”.

Children Served: 75,656

Funded over \$2.5 Million
