SMART Analysis

Proposed ARPA Program or Project:	Youth Engagement Programming
Program or Project Description:	Grant support provided to community programming partners to provide youth engagement, mentoring, and development.
Proposed Amount:	\$ 2,000,000

SMART Analysis Element	
Sustainable	The organizations supported through this funding are encouraged to seek ongoing support from other sources to increase their programmatic sustainability.
Meets Guidelines	The funded programs are provided within the census tracts identified for ARPA support, or they serve individuals who live in identified census tracts.
Accountable	Funded program partners are required to submit monthly reporting on reach and impact. This data will be monitored by the Department of Parks & Youth Services.
Return on Investment	The proposed expenditure will increase the capacity of existing organizations, and provide opportunity for start-ups to reach more youth with improved programming.
Transparent	The application process was made publically available, and the review process involved a scoring document directly tied to application questions. Scoring and funding was tied to performance on these questions. This data is available for review.
