

DPS Stump Grinder - \$65,000

- The stump grinder, identified in this legislation, will replace worn out equipment
- It will also enable the Forestry crews to continue maintaining safe and better street and walking path access, and improve the overall aesthetics of public spaces
- This purchase is being recommended by the Forestry Commission, a group of independent volunteers that advise the Forestry Division on the health of the City's tree canopy
- Following this purchase, there will be a balance in the Forestry Commission Trust Fund of \$338,880.85
