

### **DPS Mulching Unit - \$80,000**

- The mulching unit, identified in this legislation, will replace worn out equipment, and enable the Forestry crews to continue maintaining safe and better street and walking path access, and improve overall aesthetics of public spaces
- This piece of equipment also doubles as a leaf vacuum, making it more versatile for the operation
- This purchase is being recommended by the Forestry Commission, a group of independent volunteers that advise the Forestry Division on the health of the City's tree canopy
