Subject: Re: FW: Toledo (Ashley) Federal Courthouse Modernization and Annex

Hello Paul,

Per our Contracting Officer, Anna Vanko, she has confirmed that the solicitation was competitive, both in regards to technical and price factors. The award was made to Whiting-Turner based on a best value determination for the government, taking into consideration both their technical score and competitive price.

If you have any contracting questions, please feel free to reach out to Anna, cc'd here. Any other questions, please let me know, I'm happy to help!

Thank you,
Rachel
