

DPS Lott Industries, Inc. Mowing - \$45,080
May 14, 2019

- The City of Toledo has determined that there is a need to fill seasonal and temporary positions in an expeditious manner
- The city also desires to provide employment opportunities and job training for the disabled utilizing a Community Rehabilitation Program
- It has been determined that working with Lott Industries, Inc. can satisfy that need
- Previous Ordinance 146-12 allowed for the use of Lott Industries, Inc. to perform mowing at four (4) municipal cemeteries but did not have a set time period. This Ordinance corrects that, and is also seeking to include mowing a portion of the fifth municipal managed cemetery to increase the total to five (5) as requested by the City of Toledo's Law Department
