

DPS Salt Stacker \$159,000
August 11, 2020

- This Ordinance will allow for the purchase of a salt stacker conveyor system that will allow for efficient use of the enclosed storage space leased from Arms Dock, Inc
- Salt stacker equipment can also be used for the Leaf Collection Program to assist with bulk storage of leaves at the City of Toledo compost facility
- Bids for the salt stacker were publicly advertised by law and Maverick Environmental Equipment was determined to be the lowest and best bidder
- The total price for the salt stacker is \$159,000 and will come from the appropriated balance of the Division of Streets, Bridges & Harbor Salt Barn Capitol Improvement Fund
- Maverick Environmental Equipment can supply the salt stacker within 12 weeks of the issuance of a P.O. for use with the city's Snow & Ice program
