- \$17,500 Fireworks (still fundraising)
- \$10,000 African American Festival

Upcoming RFP: Toledo Swag

Planned Request

- **Customized Gear:** The City of Toledo seeks vendors to provide customized gear, including hats, jackets, polos, water bottles, pullovers, and bags for its employees.
- **Branding and Customization:** The gear should feature the City of Toledo's logo and branding elements. Additionally, departments should have the option to add their department name if desired.
- **Online Ordering and Accessibility:** The ordering process should be convenient and accessible, allowing departments or individual employees to place orders online. This system should be user-friendly and efficient.
- **Flexible Quantity Production:** Vendors should have the capability to produce both small and large quantities of each gear item, as needed, over the course of a year. This flexibility is essential to accommodate varying departmental requirements.

Thank you.
