

To Whom it may Concern

March 19, 2020

I received a letter re: special use permit for 5614-5616 Secor Rd.

I live at 5615 Kay, directly behind above address. I have lived here for 50 yrs. and have seen many businesses come and go.

I have objected before and it has never done any good, the zoning committee and City Council allow any use to occupy a bldg.

I only request that the owners of the property install a privacy fence, since there will be more traffic and numerous kinds of people in and out.

I thought that was a necessity for commercial property that backed up to residential property!

I am 76 and unable to attend the hearing, so I do hope you at least read my letter!

Sincerely

Beverly Cote
