

Black & Veatch Contract 2 Closeout

Bullet Points

- This ordinance authorizes the appropriation and expenditure of \$105,917 from the unappropriated balance of the Sanitary Sewer Replacement Fund to pay for additional engineering services for the Toledo Waterways Initiative Program (TWI).
- Additional engineering services were needed to maintain compliance of the City's TWI Program with the US EPA's Consent Decree.
- This expenditure will settle all remaining engineering charges for Contract 2 of the TWI Program. Contract 2 will be closed after this expenditure is made.
- The request for the additional funds was mentioned previously in a presentation to City Council by Bob Williams, Mannik & Smith Oversight Engineer for the TWI program.
