

INFORMATION TECHNOLOGY

Finance and Debt Committee

May 25, 2023

Introductions

Anne Bennett – Director of IT

Chad Johnson – GIS Support Manager

Jenny Jaqua – Customer Service & Engagement Commissioner

Agenda

- Security Awareness Training & Testing
- GIS Demonstration
- Engage Toledo Metrics

A person is seen from behind, looking at a large, abstract sculpture in front of a modern building with a large glass facade. The scene is overlaid with a teal color filter. The sculpture has a central vertical element with a circular top and two curved arms extending upwards. The building's glass reflects the surrounding city buildings.

Cybersecurity Awareness

Cybersecurity Posture

- Education & Awareness
- Prevention
- Ongoing Monitoring
- Post-event Preparedness

Education & Training

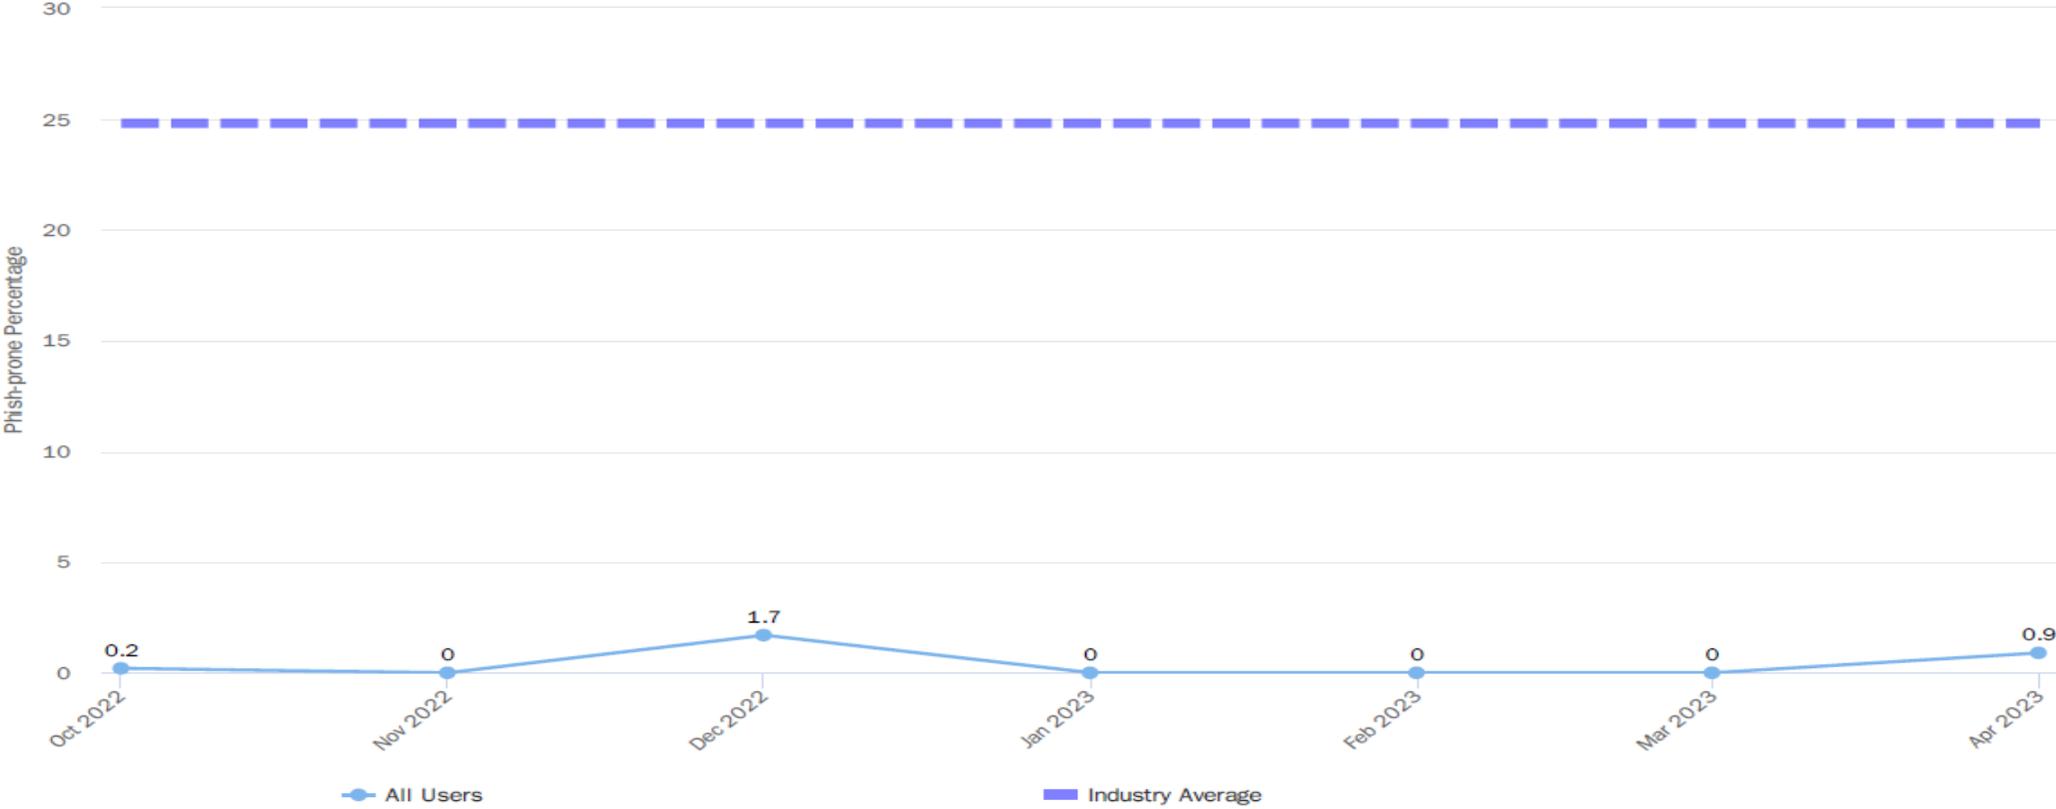

KnowBe4 Security Awareness Training

- Training
 - At hire
 - Annually
 - After failed test
- Testing
 - Quarterly campaigns with increasing difficulty

Phishing Test Results

Phish-prone Percentage By Group

This report displays the average Phish-prone Percentage of selected users.

Report Details ▼

User Groups: All Users

Date Range: Last 6 Months (10/01/2022 - 04/24/2023)

GIS Updates

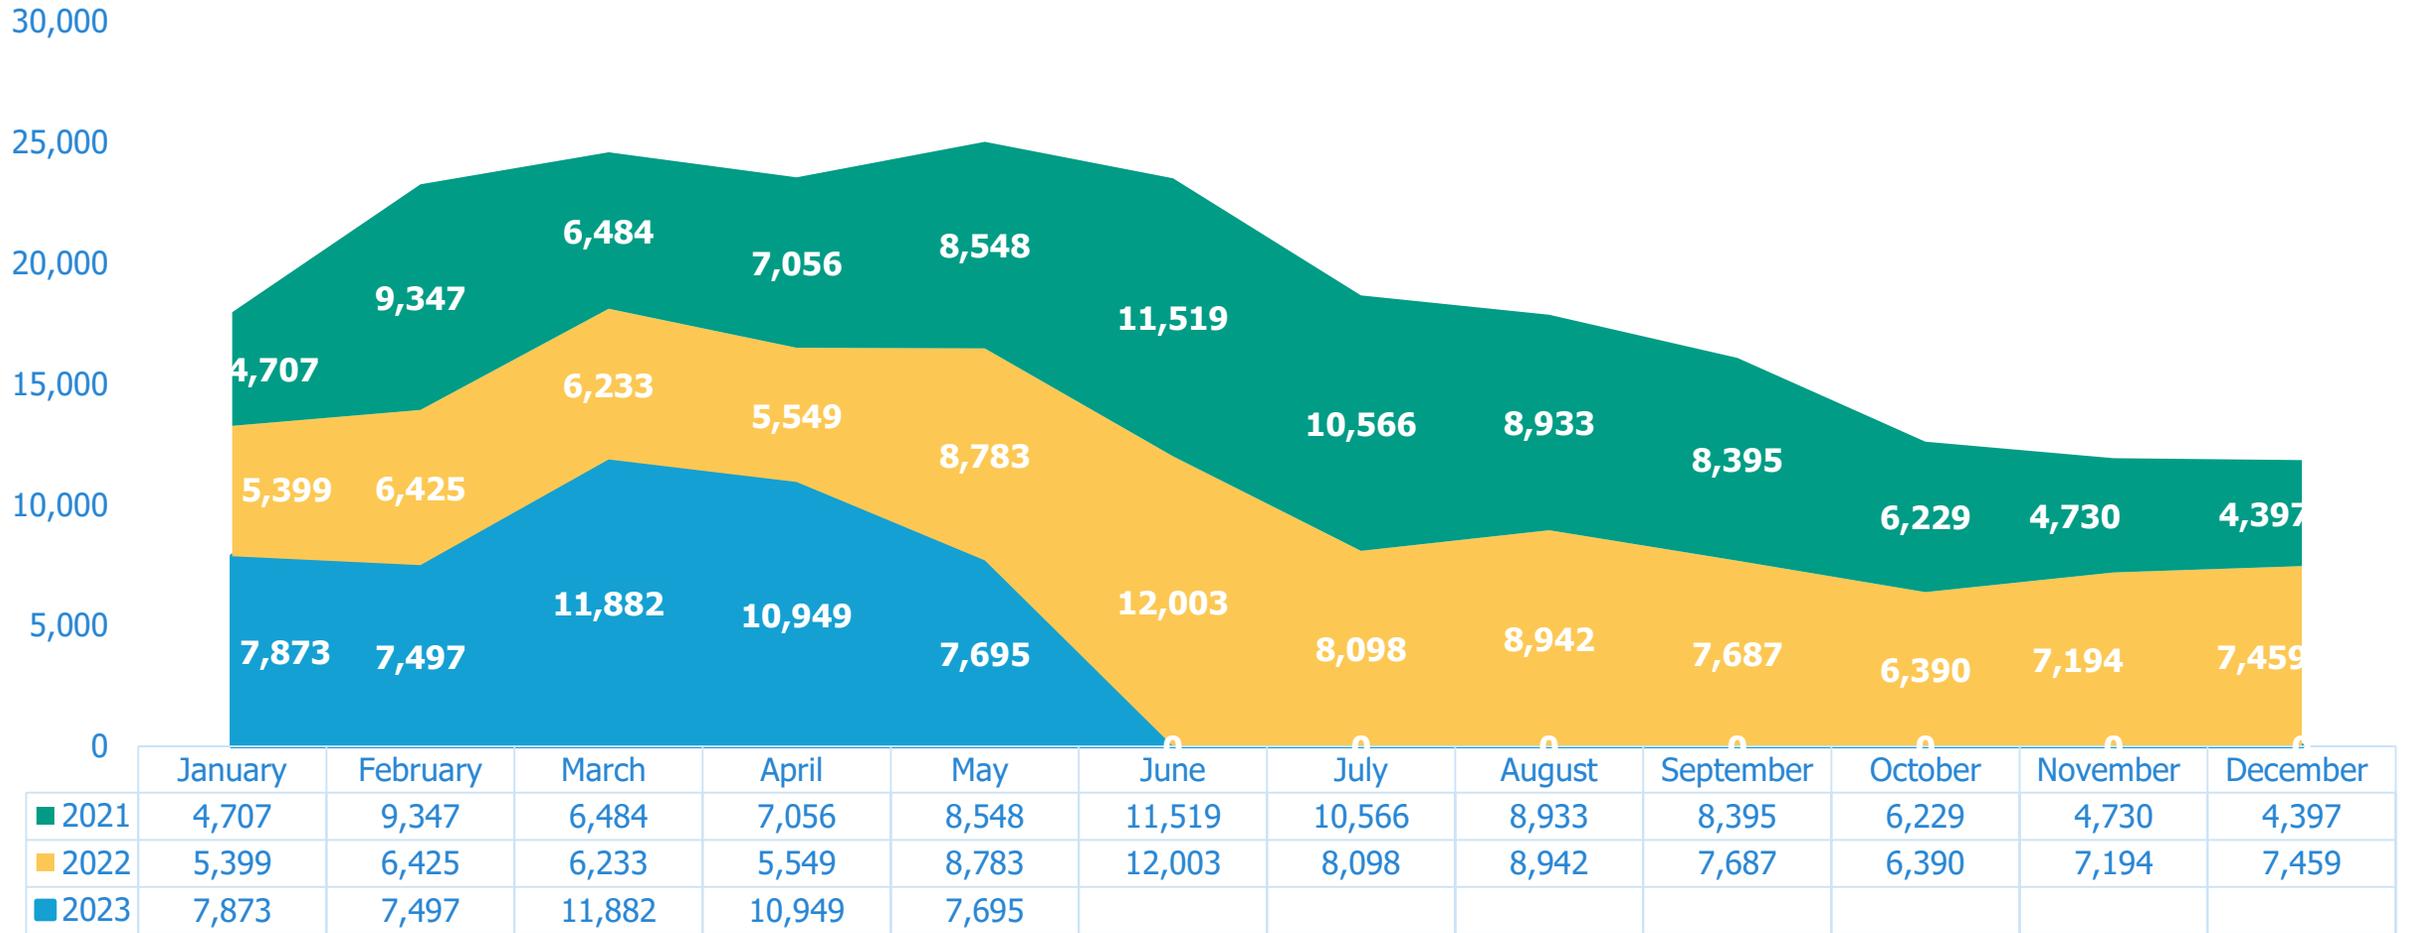

- **Architecture** – the current GIS architecture was built over 10 years ago and piecemealed together. We are conducting a comprehensive review to update and design for the future. This includes a review of our current design and usage. It also measures our current capacity and load on system. This will also support our future Winter Weather Operations program at Transportation.
- **Internal Support**
 1. GPS – developing new work flows using GPS locators to update inventory of assets (Taps, curb boxes, outfalls)
 2. Map and applications – we support various divisions with maps and apps to provide information, track work and conduct analysis. Here are a few maps making a difference for the City
- **External Support**
 1. Open Data Hub (<https://data.toledo.gov/>)
 2. City Website maps

Engage Toledo Statistics

Inbound Calls, Historical View

(2023, January 1- May 21st)

Top Three Zip Codes for Service Requests

2023, YTD thru May 21st

Zip Code 43604

4,137

Request for Services

District Four

Zip Code 43612

2,714

Request for Services

District Six

Zip Code 43605
