

To the Esteemed Members of the Toledo City Council:

We, the undersigned residents, customers, and supporters of Moe's Smokes Tobacco and Vape Shop, located at **3015 Glendale Ave., Toledo, OH 43614**, write to express our strong support for this family-owned small business. Moe's Smokes has been a vital part of our community for over four years, operating responsibly and contributing significantly to the local economy.

Moe's Smokes has consistently upheld the highest standards of compliance and responsibility:

- The business has never received citations, violations, or fines from any level of government.
- All customers who appear under the age of 25 are diligently ID'd to comply with age restrictions.

In addition, Moe's Smokes has contributed to our local, state, and federal economy through tax revenues. This family-owned business embodies the values of hard work, accountability, and community spirit, offering both employment opportunities and essential services to Toledo residents.

We are deeply concerned about recent actions by the City Council that threaten the ability of Moe's Smokes to continue its operations. Shutting down this business would harm not only its owners and employees but also the many community members who rely on and cherish its presence.

We respectfully urge the Toledo City Council to reconsider its stance and work collaboratively with Moe's Smokes Tobacco and Vape Shop to find a fair resolution. Preserving Moe's Smokes is in the best interest of our community and aligns with the city's commitment to supporting small, family-owned businesses.

Sincerely
The Undersigned
