STAFF ANALYSIS

The applicant is requesting the vacation of an unimproved dead-end portion of Utica Street located east of Elm Street. The applicant owns the lots located at 1502 Elm Street and 1098 Utica Street abutting the improved R.O.W requesting to be vacated. To the north of the R.O.W is a warehouse, to the east are vacant lots, to the west are warehouses, garages and vacant lots and to the south are vacant lots and manufacturing.

The applicant is requesting the vacation in order to create a clean and safe space for the community. The Land bank acquired 1502 Elm Street and 1098 Utica Street through tax foreclosure. The site currently holds a 100,000 square foot commercial warehouse that has been abandoned since the early 2000s. The property is in a dilapidated state and has been a nuisance for the surrounding properties since then. The applicant intends to demolish the abandoned warehouse and maintain the site as a green space. The green space will be fenced to prevent dumping and trespassing. The existing alley and a R.O.W will create a gap in the fencing. Hence, the applicant is requesting the vacation of this R.O.W and the associated alley (V-282-23).

This vacation request will provide a fresh start for the community and provide a positive use of the property.

Toledo 20/20 Comprehensive Plan

The Toledo 20/20 Comprehensive Plan designates this area for Light Industrial and Open Space land uses. Light Industrial land uses is intended to accommodate uses such as research, wholesale activities, warehouses and industrial/manufacturing operations that are not employment-intensive and are compatible with commercial and residential land uses. The Parks and Open Space land use is intended to preserve and enhance major open space and recreational areas. It may also be applied to privately-owned open space areas within residential developments. The proposed use of the vacated alley conforms to the recommendations of the Toledo 20/20 Comprehensive Plan.
