

DPS 2019 SB&H Leased Vehicles \$100,000
November 26, 2019

- Ordinance for up to \$100,000 will allow for vehicle replacement for SB&H's aging fleet
- Ordinance 254-19 was approved for a contract with Enterprise Fleet Management for vehicle and equipment replacement for the city's fleet; this Ordinance will utilize that contract to lease pick-up trucks for the Division
- SB&H currently does not have enough small vehicles to tow hotbox trailers (for potholes) and crews have been required to utilize larger dump trucks; we then sacrifice in other areas/operations where the larger dump trucks are needed
- \$100,000 would allow SB&H to lease up to twelve (12) pick-up trucks that would be utilized for pothole repair operations
- Small pick-up trucks will save on fuel and maintenance
- Small pick-up trucks can be driven by non-CDL employees
