STAFF ANALYSIS

The request is for a Zone Change from RA Suburban Residential District to R-1 Single-family Residential District for the property located at 2331 Gunn Road. The parcel acreage for the subject site is approximately 20 acres and is located on the south side of the pipe line location. The surrounding uses include residential to the north, south, east, and west side that front on Gunn Road and Garden Road.

The 2020 Springfield Township Future Land Use Plan identifies the subject site as part of the Garden and Holloway Planning Area. This area is predominantly single-family residential and is bounded by Airport Highway, Holland-Sylvania, and Albon Road. The land use and zoning recommendations mentioned in the plan are to allow for a range of housing types for residents of different ages, install sidewalks, and establish active parks. The land use plan map identifies the subject site as low to medium residential use.

Staff supports the re-zoning of the subject parcel as it is within keeping of the low to medium residential use as stated in the 2020 Springfield Township Future Land Use Plan. Staff further recommends that the applicant consider installing sidewalks where feasible for the single-family homes abutting the future development of Apple Blossom Farms subdivision.

STAFF RECOMMENDATION

The staff recommends the Lucas County Planning Commission recommend approval of Z19-C696, a Zone Change request from RA Suburban Residential District to R-1 Single-family Residential District for the property located at 2331 Gunn Road, to the Springfield Township Zoning Commission and Trustees for the following two (2) reasons:

1. The Zone Change to R-1 Single-family Residential District would introduce a land use that is compatible with existing uses in the vicinity.

2. The Zone Change to R-1 Single-family Residential District is consistent with the 2020 Springfield Township Land Use Plan which recommends this parcel for low to medium residential use.
