

DPS Transfer from Longfellow/Library Village Park to Friendship Park - \$10,516.04

- The creation of the new Library Village Park (former Longfellow School site) is complete
- The remaining balance in the original fund, \$10,516.04, is genuinely needed at Friendship Park, another park in the same district
- The bulk of the funds will be used to create a brick/stone base for the recently purchased electronic sign for Friendship Park Community Center. This will enable the sign to meet established city code
