

## **DPS SB&H 2019 Crack Sealing Bullets \$200,000**

**March 19, 2019**

- This Ordinance will allow for the crack sealing of major arterial streets and some residential streets
- Crack sealing streets significantly decreases future maintenance costs and prolongs the life of streets
- The \$200,000 for this Ordinance shall come from the remaining balance of Street Construction Maintenance and Repair (SCM&R) Fund for 2019
- This work will be completed during the 2019 construction season
- The Division of Streets, Bridges & Harbor will continue using in-house labor for the crack sealing of some residential and minor arterial streets
- Contracting out this work will allow for the Division of Streets, Bridges & Harbor to focus on other annual programs, such as repair of utility cuts, potholes, alleys, etc.
