

DPS Landfill Equipment Repair and/or Replacement - \$125,000

March 24, 2020

- The Division of Solid Waste received \$125,000 in approved 2020 CIP dollars for equipment repairs and/or replacement
- The landfill has several pieces of heavy equipment in need of repairs, including a 2012 D8 CAT dozer and a 2012 826G landfill compactor. If needed, these dollars may also be used to supplement the purchase of replacement heavy equipment
- This proposed legislation allows for the expenditure of these dollars for equipment repairs and if needed towards equipment replacement
- SEP is requested
