

CONSENT ODOT AIRPORT BYRNE INTERSECTION

Bullet Points

- The Ohio Department of Transportation (ODOT) initiated a safety study of the intersection of Airport and Byrne and pursued safety funding for the recommended upgrades, which include upgraded signals, widening for dual lefts, striping, and resurfacing.
- The City of Toledo Divisions of Transportation and Engineering Services provided input to the recommended upgrades.
- This ordinance will allow ODOT to conduct the construction within the city limits.
- This project will not require any City of Toledo funding.
- Construction is scheduled to begin in Spring of 2023.
