1. **Brief Description of the Project.**

Phase 3 of 3 is the completion of the Pathway for the Military Memorials. It is comprised of a walking path that encircles all the Memorial stones depicting names of those who gave their lives or is MIA from each war and are from Toledo, Lucas County. The pathway will be adorned with low maintenance foliage that will enhance the appeal of the walk. There will be benches where family, friends or anyone else who wishes to pay respect to those listed can sit. The backdrop is lush trees, to the right is a dirt path into the back woods and the eagles nests and to the left is the Westernmost Point of Lake Erie. To the north (short walking distance) is the Lighthouse and just a little further is Cullen Park and the Bird migration trail visited by 1,000's of bird watchers each year. It will become a destination spot Toledo can be proud of. This is all located on Toledo City property, parks.

2. **Purpose and Need – State the goals and objectives of the proposed project. Identify the problems or needs which will be addressed. Identify the population that will benefit from this improvement.**

The goal is to Complete the project started 7 years ago with the memorials as Phase 1 of 3, flag pole Phase 2 of 3. Without the completion the area looks like a cemetery with 8 plots and stones. That is does not have much "curb" appeal. This phase will dress it up and fulfill its purpose as a place Toledo can be proud of, a place of respect and a place to honor our men and women who gave all. This project will enhance the area and draw visitors from all over. It will add to the already established Cullen Park, the lighthouse and the Westernmost Point of Lake Erie and the eagle siting path.

3. **Project Location** – Describe in detail the location of the proposed project. Is this project in an area already targeted by the city of Toledo or any other state or federal agency for funding? Identify the property owner and provide, as an attachment, proof of the owner's permission to complete the proposed project.

4. **Support and Sustainability** – Identify plans for securing additional funding if needed to complete this project. Also identify plans to secure ongoing support and maintenance for this project.

No other funding is needed. This property is already maintained by the City of Toledo Parks division.

5. **Organizational Background** - Provide a brief background and history of the community group or organization applying for the grant. Include when and how it was established, its mission or purpose, accomplishments to date and a listing of all current programs and services.

Rememberance Inc was founded by Nick Hauprich with the soul purpose of building a Memorail to honor Toledo, Lucas County residents who lost their lives (or MIA) in service to our Country.
The project was approved by Parks and the City over 9 years ago. It has 3 Phases.

Phase 1 Was to build the stones from each war and also a stone to honor Metal of Honor reciemients. Done and paid for by fund raising over \$90,000 2013 to 2019

Phase 2 Was to install a flag pole and pad with all branches of the military's flags. Done and Paid for by a grant from the Toledo Rotary Club and private funds. \$5,000 2019-2020

COVID hit and progress stopped. Meanwhile the existing 2 board members all elderly passed away some from COVID. The founder Nick Hauprich was diagnosed with dimentia 2020. He is currently in a nursing home and has gotten much worse. I, Debbie Speegle joining him in 2015 to raise money and build on his dream, promised I would see the completion through.

6. **Organizational Structure** – Provide a list of board members, principal staff, directors, trustees, or key decision makers inside your community group or organization.

Director Nick Hauprich Is in a nursing home and mentally unable to Conduct business.
