Re: Petition to Expand the Adams Street Outdoor Refreshment Area

Honorable Members of Toledo City Council,

Per Ohio Revised Code section - 4301.80, I have received and am now delivering to City Council the application for expansion of the Adams Street Outdoor Refreshment Area, submitted by applicant The Village on Adams, Inc, a 501c (3) which represents businesses in the Uptown area.

This expansion supports the addition of Quench and Tempered, a craft brewery tasting room, in the Uptown area. The opening of new food and drink establishments in Uptown supports the attraction value of the Open Refreshment and the Uptown Community Entertainment District.

I support this application and believe that the expansion of the Adams Street Outdoor Refreshment Area will continue the new investment occurring in Uptown, bringing additional vibrancy to this historic area of Toledo.

Sincerely,

Wade Kapszukiewicz
Mayor
