

## **DPS Cricket Pitch Construction at Winterfeld Park - \$17,450**

**May 14, 2019**

- Cricket has become an increasingly popular sport in Toledo
- The only cricket pitch (field) currently available in City of Toledo Parks is at Beatty Park. With increased demand, and a desire to expand play, the City of Toledo Parks and Recreation Operation is collaborating with the Cric\_Boyz group to develop another cricket pitch within the city at Winterfeld Park
- This new cricket pitch will expand the opportunity for others to enjoy the sport
- Formal bidding took place, and contracts for work to be performed at Winterfeld Park are funded. Half will be from the Parks 2019 Capital Improvement Fund and the other half from a donation made by the Cric\_Boyz organization
- The new pitch will still leave plenty of room for other sporting interests to be pursued within the park. Schedules and space will coordinate well
