

CONSENT ODOT DETROIT ROUNDABOUT

Bullet Points

- ODOT is updating the roundabout at Detroit/Berdan/Cherry.
- ODOT identified some issues with the current roundabout and will use State of Ohio safety funding to update the roundabout to make it safer.
- The roundabout will be reconfigured from a two-lane roundabout to a 2x1 roundabout, which means that only part of the roundabout will be two-lane and the remainder will be one lane. Some lanes will branch off as right turn only lanes.
- The City of Toledo Divisions of Transportation and Engineering Services provided input to the recommended upgrades.
- This ordinance will allow ODOT to conduct the construction within the city limits.
- This project will not require any City funding.
- Construction is scheduled to begin in Summer of 2021.
