Authorizing the disappropriation of \$50,000 from the General Fund; authorizing the appropriation and expenditure of \$50,000 from the General Fund for the JumpStart Program; authorizing the mayor to enter into an agreement with JumpStart Inc.; waiving the competitive bidding requirements of TMC Chapter 187; and declaring an emergency.

Body: This ordinance authorizes the expenditure of funds for the JumpStart Program and authorizes the mayor to enter into an agreement with JumpStart Inc.

JumpStart Inc. seeks to assist diverse, ambitious entrepreneurs historically disconnected from services to grow their businesses and secure and grow jobs in the City of Toledo, creating economic opportunity within city neighborhoods. To achieve this objective, JumpStart has established an office in Toledo, building local capacity to offer technical assistance to entrepreneurs from the earliest stages through to later stages of growth. The JumpStart team in Toledo will

deliver assistance to small business owners through call-to-action and outreach events, one-on-one office hours, a mentoring program, and a 12-week accelerator program. Additionally, JumpStart will bring together Toledo's existing small business service providers to form a Small Business Growth Collaborative, enabling service providers to collaborate (not compete) to serve entrepreneurs. JumpStart will make available grant dollars for the collaborators, to help build capacity within the partner organizations and to address service gaps that the collaborators identify as lacking in the ecosystem. Over four years, this work will serve over 300 small businesses who will grow 500 jobs in the City of Toledo.

Authorizing the Mayor to implement a Better Board up Program through the Department of Neighborhood and Business Development, for securing vacant structures and preserving the integrity of our neighborhoods, even pending demolitions; and declaring an emergency.

Body:

SUMMARY & BACKGROUND:

Toledo City Council will allocate funding through expired Ohio Demo Trust Fund accounts, also known as the fire escrow deposits, to allow for the design of a better board up program, and the purchase of the materials to implement the program. The goal of this program is to preserve the structural integrity of the housing stock and commercial buildings within the city, and to secure them in a manner which is appropriate pending rehabilitation or pending demolition. One vacated

house or storefront can have a debilitating effect on our vulnerable neighborhoods, and will show signs to distress on even the strongest communities. This program would allow for the securing of the structures to be done in a manner that does not attract nuisance or criminal activity, such as graffiti, but rather, would appear as though the structure is maintained and cared for. The emphasis of this program is to combat illicit activity in our neighborhoods, and to restore the vitality of our community.
