

Department of Information Technology June 2022

Finance and Debt Committee

The Department of Information Technology (IT) has five functional service areas: **End User Support, Infrastructure, Applications Support, Engage Toledo, and DPU Customer Service**. Each service area has active projects that align with the Department's foundational purpose to improve operational efficiencies throughout the City. The Department of IT's strategic priorities includes the following initiatives:

- 1. Improve and expand service to our customers
- 2. Managing risk (security and reliability)
- 3. Investing in applications

Below please find an update on projects from each service.
