

# Anonymous Reporting & Incident Management

Presented for

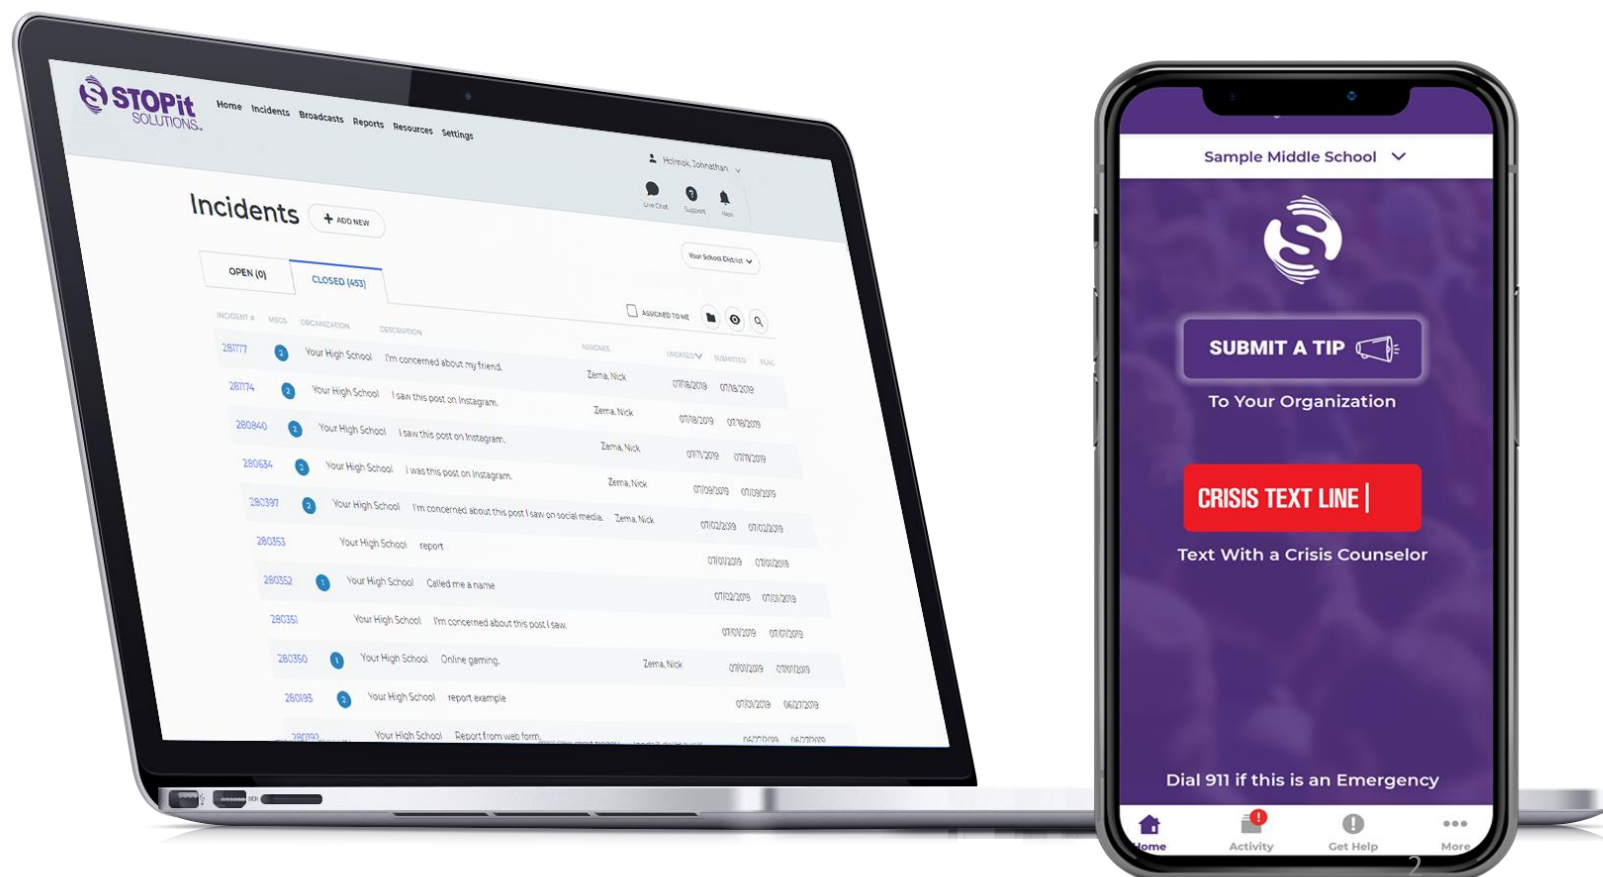

Creating Safer, Healthier Places to Learn, Work and Live  
[stopitsolutions.com](https://stopitsolutions.com)

Your employees know about risks before you do. Mitigate your risk by empowering them to share information with you – safely and anonymously. STOPit is the only simple and effective technology platform and phone tip line helping modern workplaces address issues such as:

- ✓ Compliance Risk
- ✓ Sexual harassment
- ✓ Ethics Issues
- ✓ Theft / Fraud
- ✓ Whistleblowing
- ✓ Discrimination and harassment

## Education

6,600 Schools

3.3 Million Students

## Workplace

400 Cities / Counties

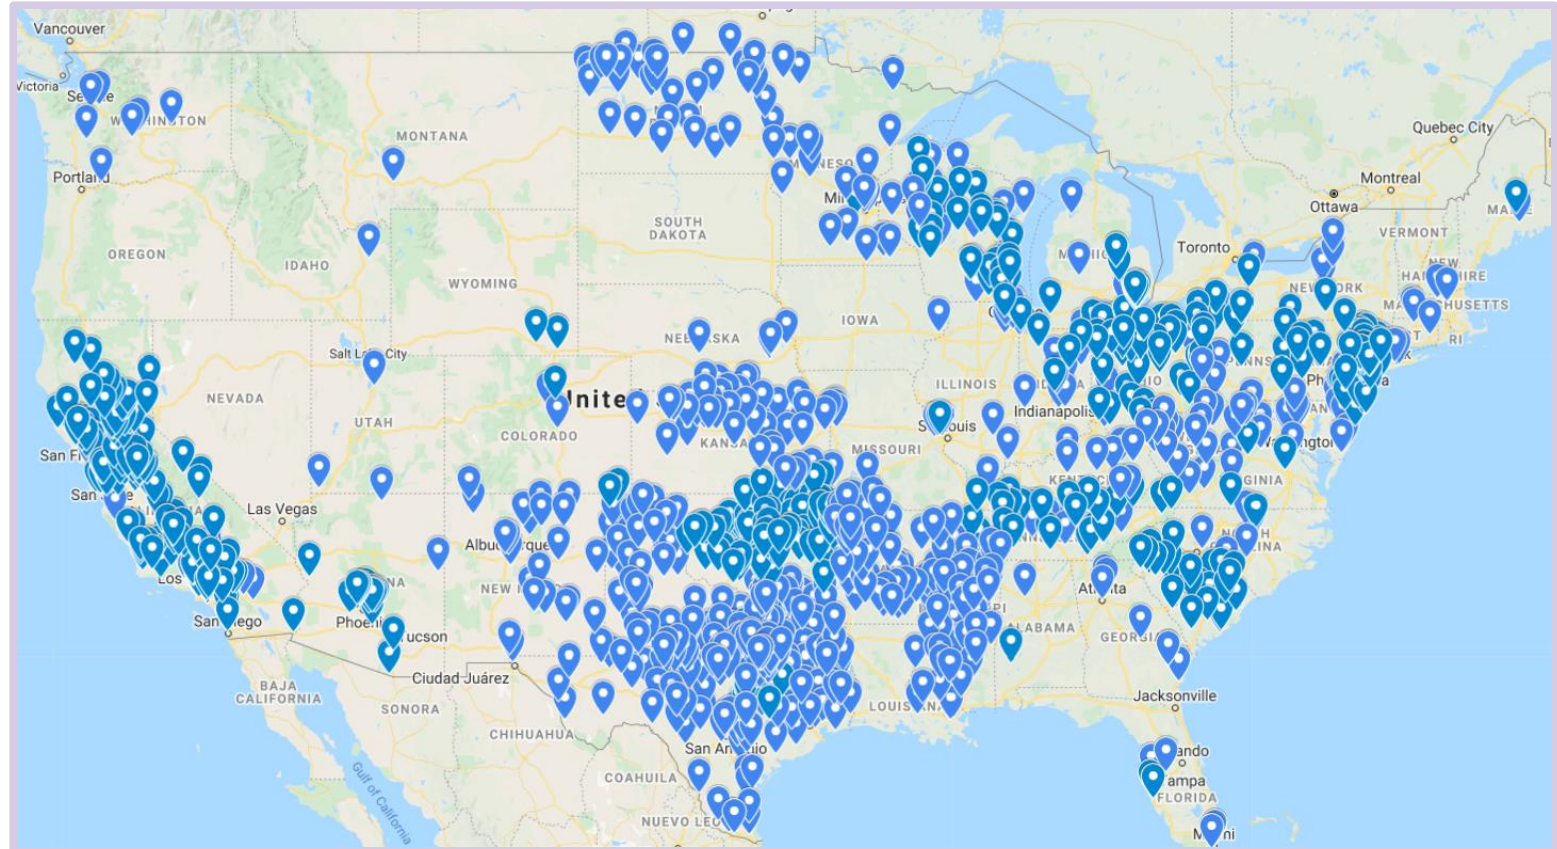

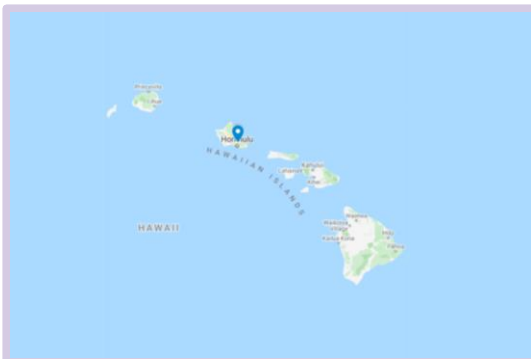

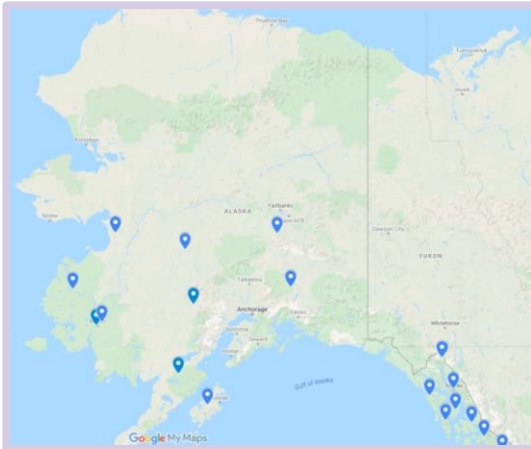

100,000 Employees

## Public Safety

15 Customers

1.5 Million Citizens

## Education

**Students** report bullying, depression, and school safety threats to **School Admins**

## Workplace

**Corporate and Gov't Workers** report harassment, fraud, corporate malfeasance, and mental health and safety concerns to **HR**

## Community

**Citizens** report crime, drug use, security threats to **Law Enforcement**

# 100% Anonymous - 100% of the Time

Workplaces are experiencing serious challenges from sexual harassment, bullying, and discrimination to fraud, safety concerns, violence, and mental health issues. These challenges greatly impact a company's most important asset:

## Their People.

---

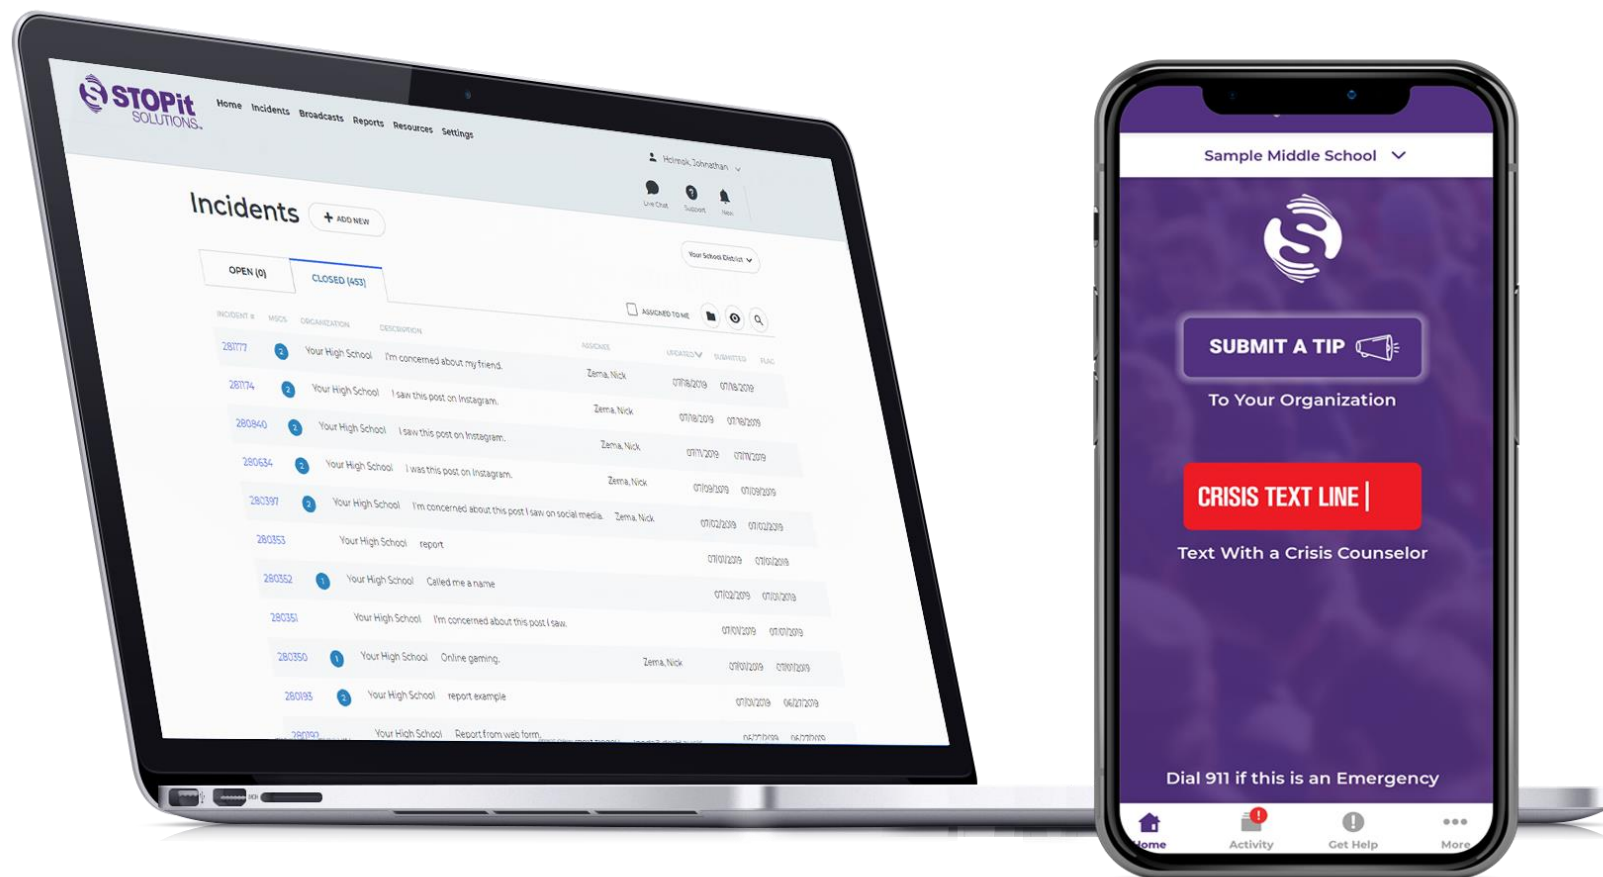

**Awareness** is Step 1 towards Mitigation, but employees may be fearful to **speak up**. Creating safe & trusted communication channels are key to addressing employee reluctance to come forward.

- *Promote A “Speak Up” Work Culture*
- *Address Negative Feelings Early*
- *Detect/Deter Serious Incidents*
- *Prevent Lawsuits / Risk Mitigation*
- *Maintain Incident Documentation*
- *Improve Employee Retention*

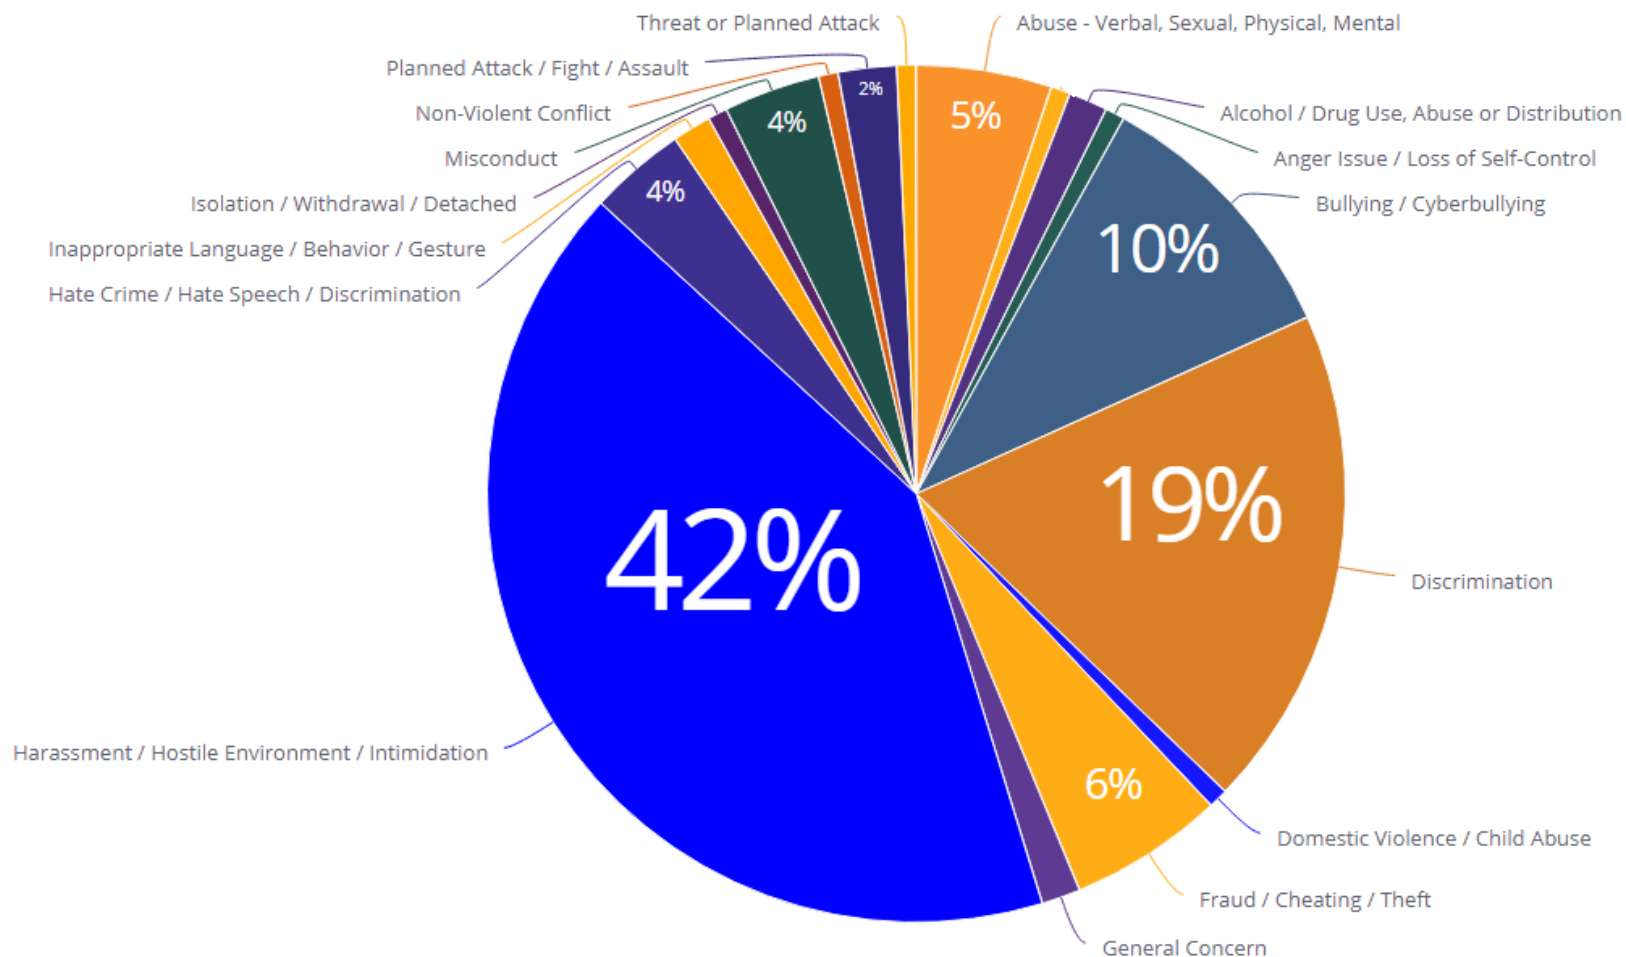

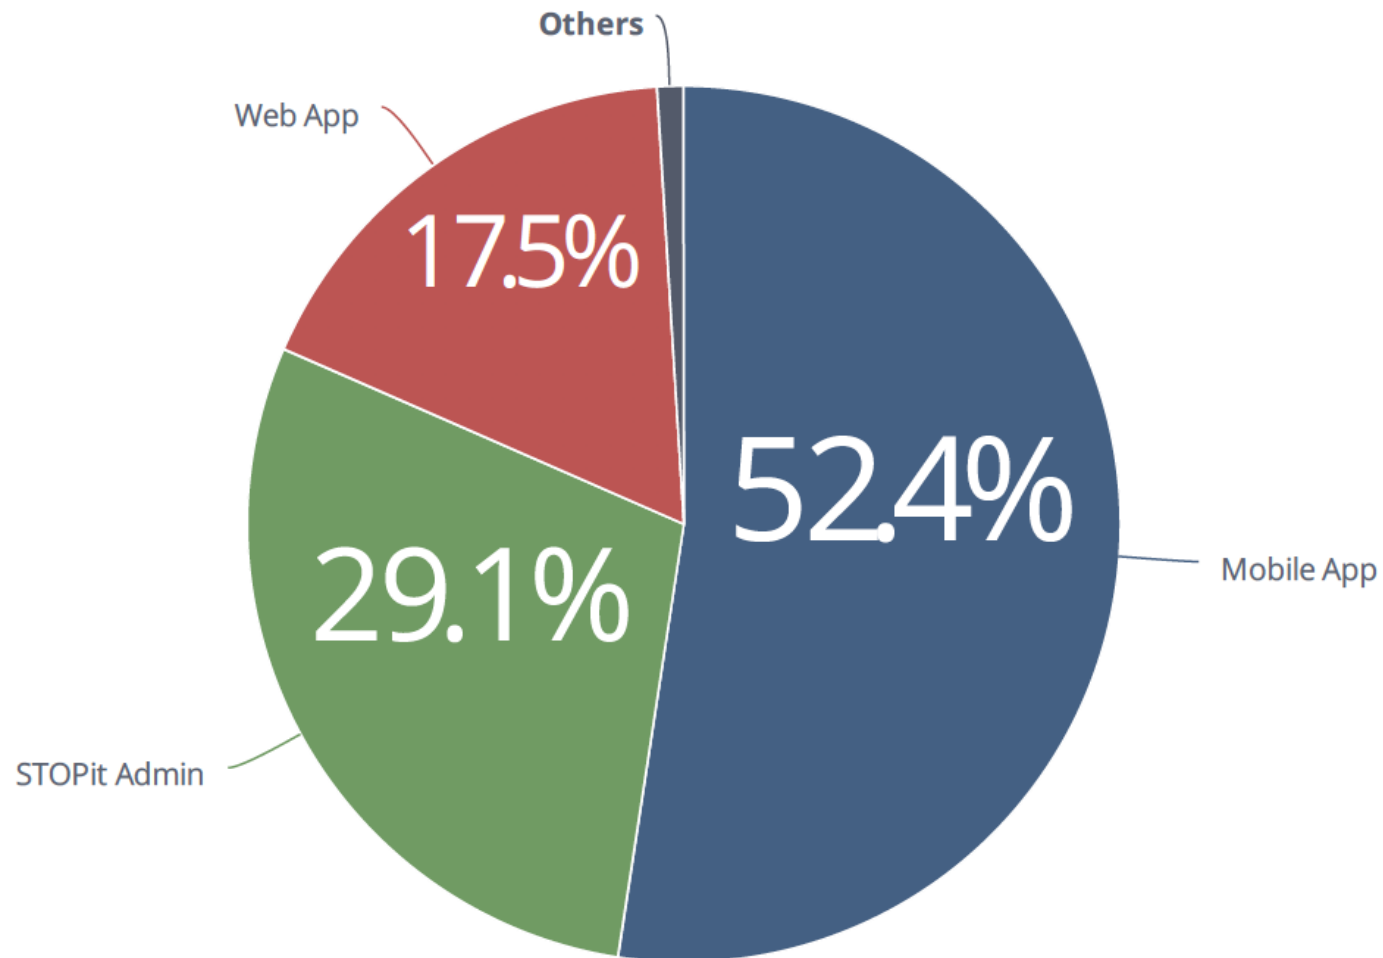

STOPit's Anonymous Reporting System is a modern mobile and web reporting platform that encourages and facilitates important conversations between employees and Human Resources using industry-leading technology.

- Anonymously report safety concerns, fraud, misconduct, sexual harassment or other concerns to help others or themselves
- 24/7/365 Incident Response Center monitors, manages and immediately escalates life threatening concerns and incidents to appropriate responders
- Crisis Text Line™ integrated into the mobile app provides immediate access to 27,000+ trained mental health counselors

## Workplace Activity Report - Nationwide

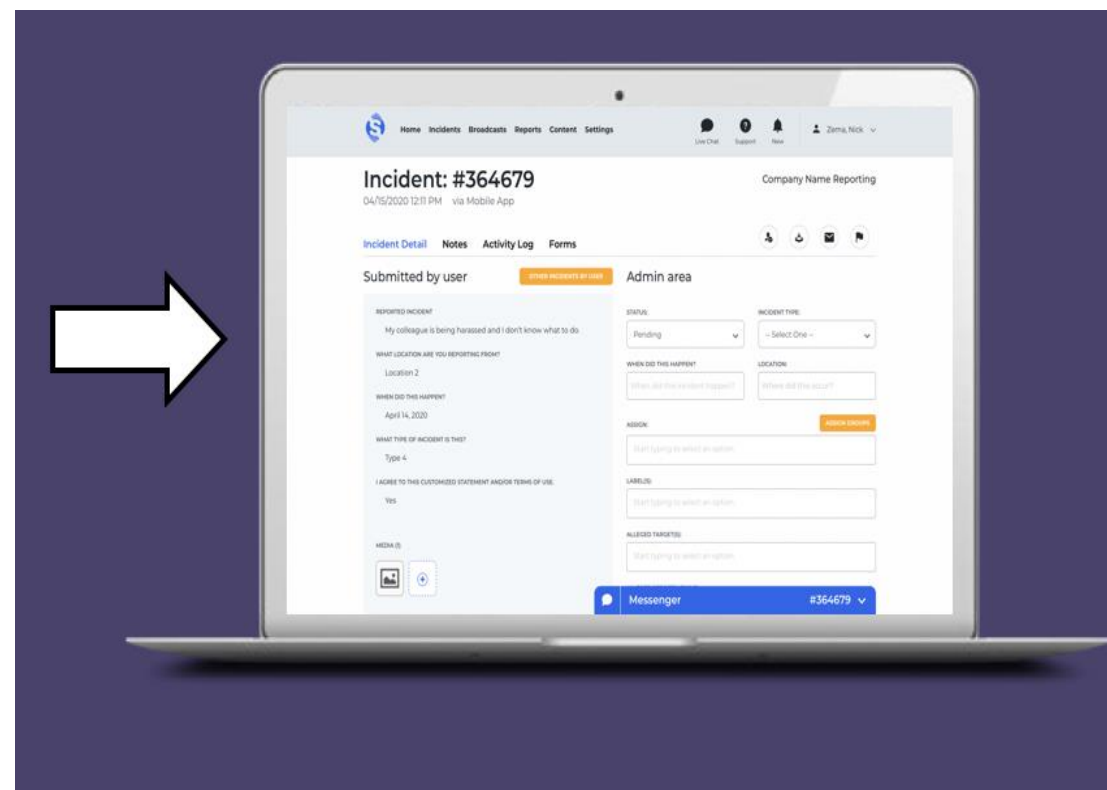

## STOPit Mobile App, Web, & Phone Tip Line

The easy, fast, and anonymous reporting platform for employees

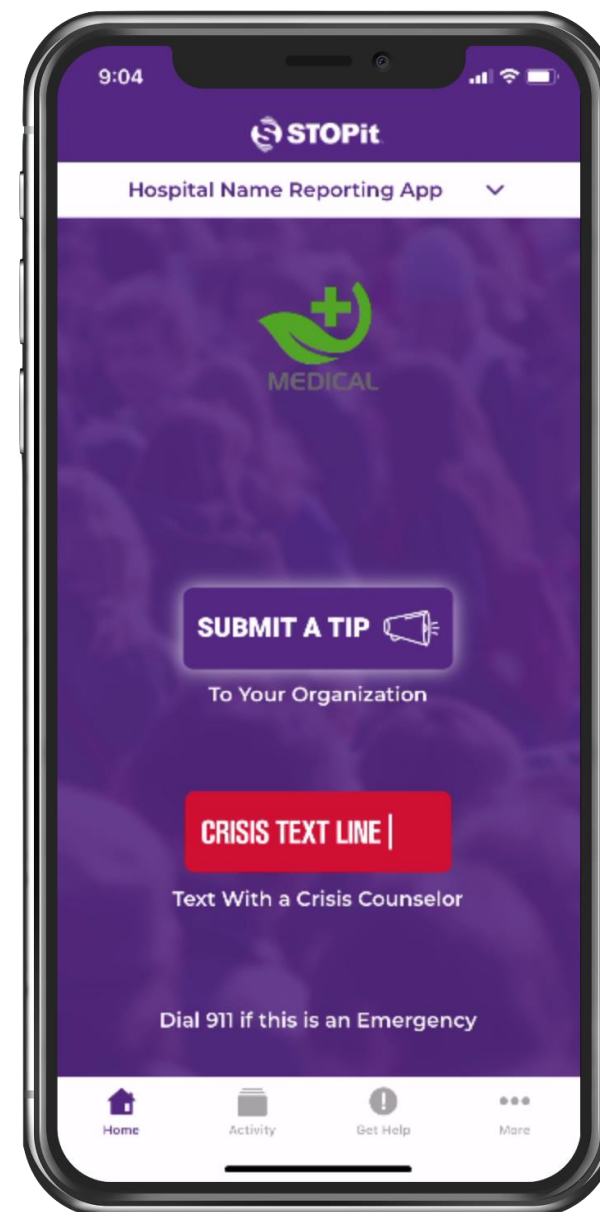

- » Report incidents anonymously
- » Submit photo or video evidence (App/Web Only)
- » Communicate anonymously with administrators with STOPit Messenger (App/Web Only)
- » Alert management to issues and risks early, before they escalate
- » 24/7 Phone Tip Line included in STOPit App & Web

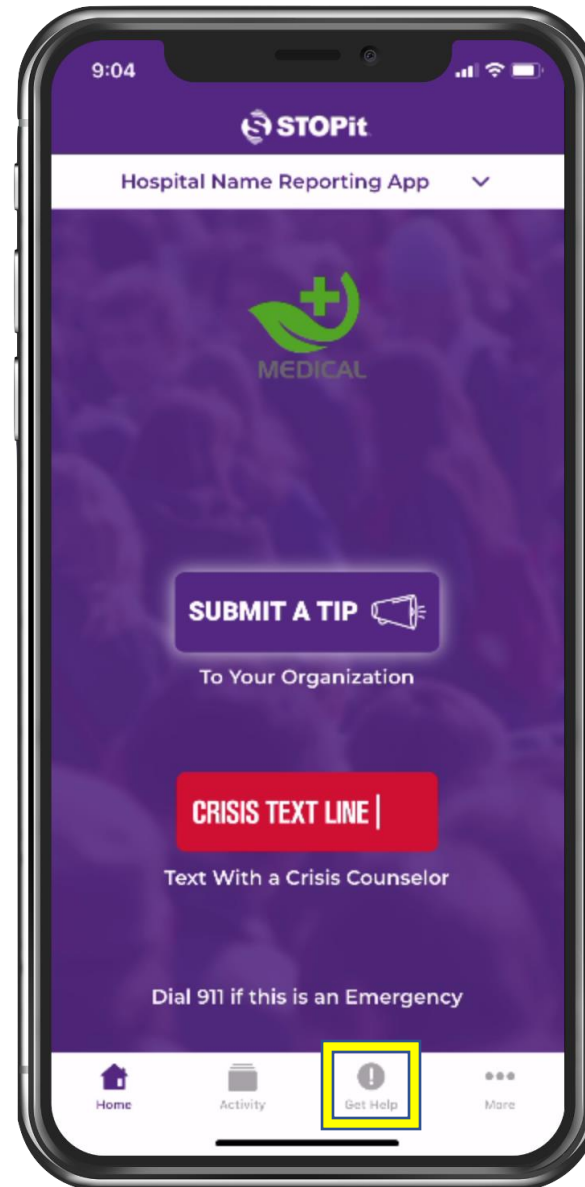

## STOPit Admin

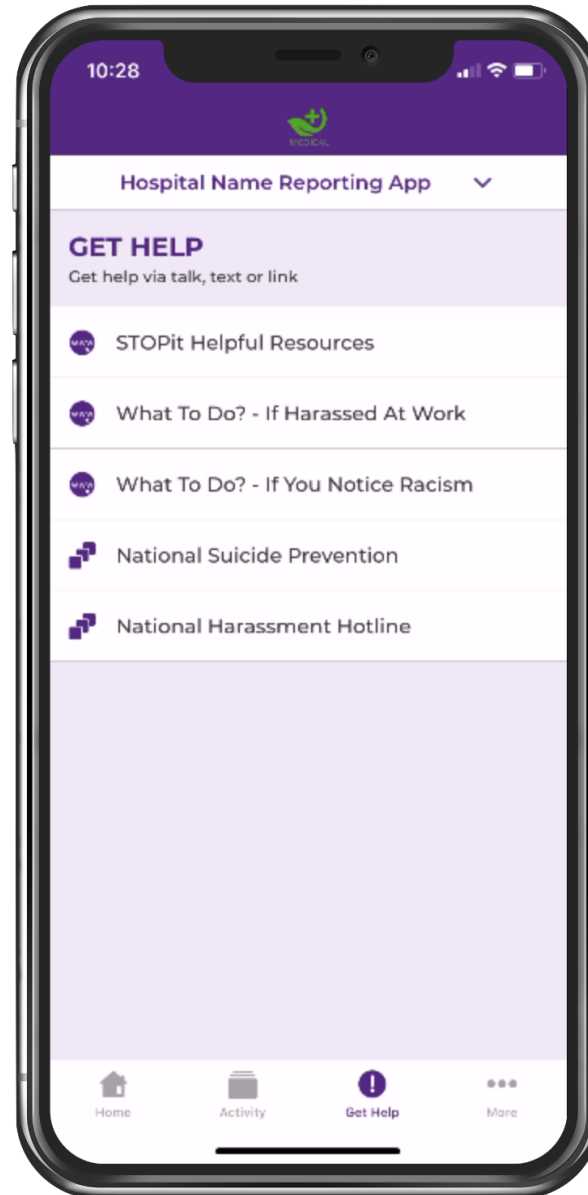

The simple, time-saving, & comprehensive incident management system for administrators

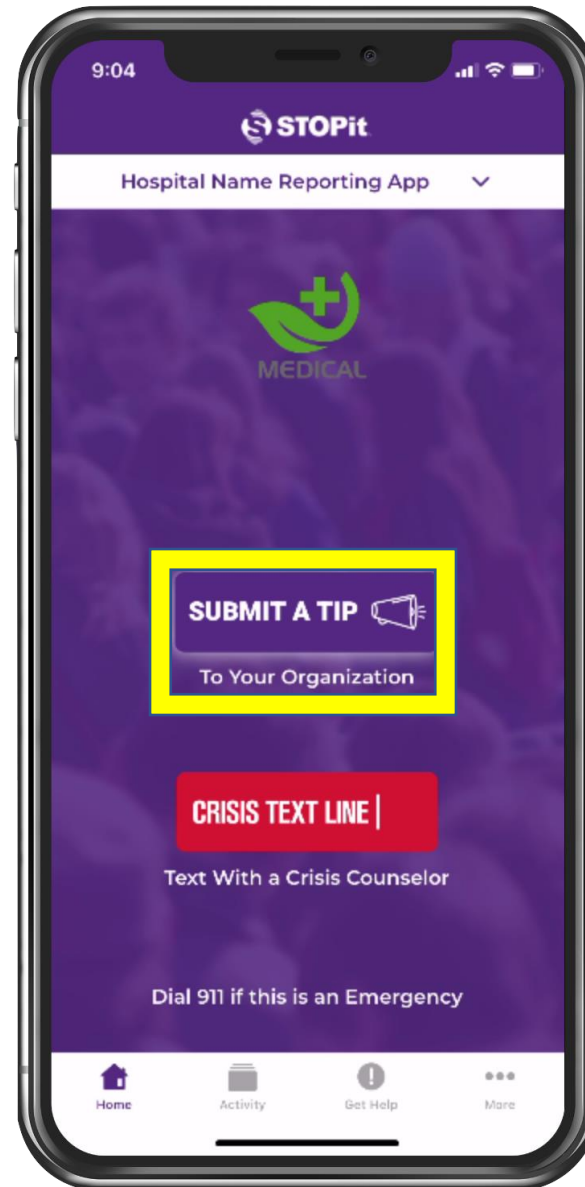

- » Real-time email and SMS alerts of new incidents and messages
- » Follow up with incident submitters to ask questions or get more information via STOPit Messenger
- » Proactively get notified of patterns or problems with custom Alerts
- » Cloud-based system stores evidence securely
- » Get actionable data in our built-in Reports dashboard
- » Time- and date-stamped audit trail of all investigative activity

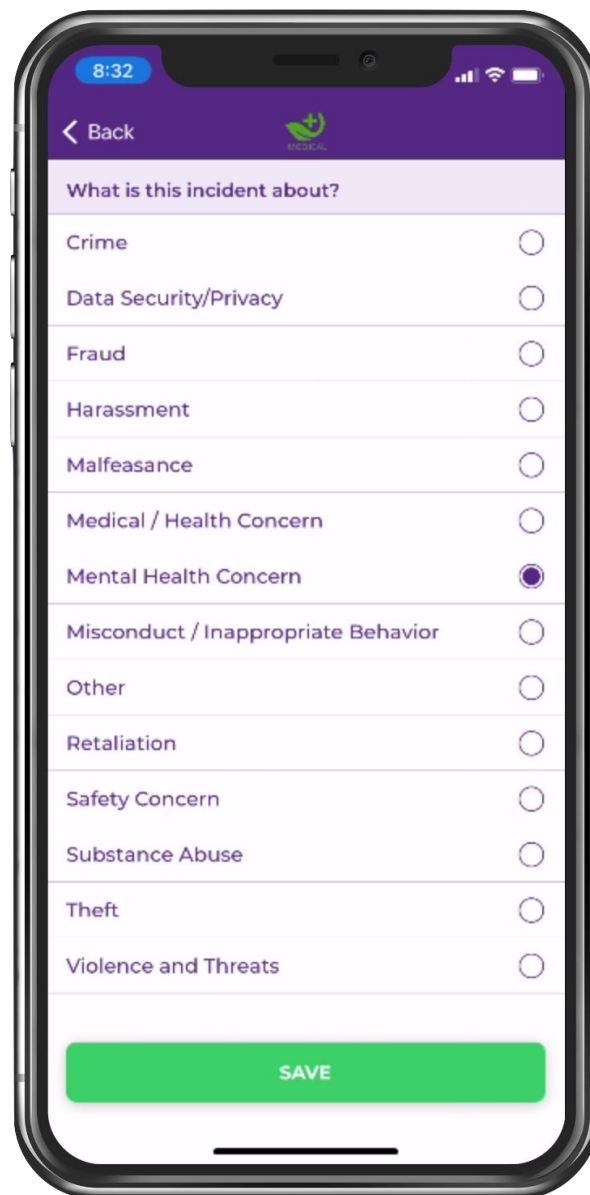

A screenshot of the STOPit ARS mobile app interface. The screen shows a list of incident categories with radio buttons for selection. The 'Mental Health Concern' option is selected. A green 'SAVE' button is at the bottom.

A smartphone screen showing the STOPit ARS app interface. The status bar at the top shows the time 10:39 and signal/battery icons. The app has a purple header with a 'Back' button and a logo. Below the header is a title bar 'Hospital Name Reporting App' with a dropdown arrow. The main content area is divided into sections: 'NEW INCIDENT' with a text input field containing 'Im worried about Mindy. She has not been herself lately and talks about hurting herself.', an optional name field with 'Not at this time.', an optional help field with 'Handle the person involved with care.', and a required location field with 'Biloxi, MS'. Below these is an 'ATTACHMENTS' section with a plus icon and a photo of a person in blue scrubs. A green 'SUBMIT' button is at the bottom.

Thank you for sharing this information to help Mindy. In order for us to help, we'll need some more information. Can you tell us Mindy's last name?  
Zema, Nick - 5.16.2022 11:37:55 AM

Sure its Smith. Thank you :)

The screenshot displays the STOPit Admin Dashboard. The top navigation bar includes links for Home, Incidents, Broadcasts, Reports, Content, and Settings. The Reports menu is open, showing options for Incidents (By Volume, By Type, By Status, By Label, By Action), Activations (By Volume, By Type), and Data (Alerts, Bulk Incidents). The main content area features three summary cards: Activations (41 Total), Incidents (39 Total), and Incident Status (Average Time to Open: 0 Minutes, Average Time to Close: 319.9 Hours). Below these is an 'Incidents' section with a 'VIEW ALL' button and three status counters: NEW INCIDENTS (0), PENDING INCIDENTS (1), and NEW MESSAGES (0). At the bottom, a table lists incidents with columns for Incident #, Msgs, Comm, Organization, Description, Assignee, Status, Updated, and Submitted. The first incident is #603564, with 2 messages, from 'Hospital Name Reporting App', described as 'I'm worried about Mindy she has not been herself la...', assigned to 'Zema, Nick', with a status of 'Pending', updated on '05/16/2022', and submitted on '05/16/2022'.
