## STAFF ANALYSIS

The applicant is requesting a Special Use Permit (SUP) for Used Auto Sales at 1050 & 1060 Laskey Road. The property was acquired by the owner in October of 2021 following tax foreclosure. They are currently pursuing the zone change as part of a development agreement with the adjacent owner, Toledo Industrial Properties LLC, who intends to use the property as a parking lot for their adjacent businesses. Surrounding land uses include: single dwelling residential to the north, industrial to the west, a railroad and single dwelling residential to the south, and industrial and commercial to the east.

The property is currently divided by a 20' alley running north and south. In order to effectively develop the property this alley will need to be vacated. A vacation request was submitted last year but was never finalized. This can be resumed by contacting the Clerk of Council with Toledo City Council. Additionally, it should be noted that a Minor Site Plan Review will be required before the parking lot is constructed. This review covers items such as driveway locations, number of allowable spaces, buffers and screening requirements, and storm water retention.

The Toledo 20/20 Comprehensive Plan recommends this site for Light Industrial land uses. This category accommodates research, wholesale activities, warehouses, and industrial/manufacturing operations that are not employment-intensive. These types of uses need to be compatible with adjacent commercial and residential areas. The proposed zoning category and use are consistent with this designation. IL zoning is also compatible with adjacent land uses to the west and east, as well as the railroad to the south.

## STAFF RECOMMENDATION

The staff recommends that the Toledo City Plan Commission recommend approval of Z-4002-23, a request for a Zone Change CN Neighborhood Commercial to IL Limited Industrial located at 1050 & 1060 Laskey Road, to the Toledo City Council, for the following **three (3) reasons:**

1. The request is consistent with the Toledo 20/20 Comprehensive Plan **TMC 1111.0606.A; and**
2. The request is compatible adjacent land uses in terms of operating characteristics (such as noise, traffic generation, and other impacts associated with the use's operation) **TMC 1111.0606.B; and**
3. The request is compatible with zoning classifications within the general vicinity of the subject property **TMC 1111.0606.C.**
