

DPS SB&H COMPOST EQUIPMENT \$175,000

December 4, 2018

- Request to purchase of one (1) used 2008 McCloskey 621RE Trommel Screen using funding from Expendable Demolition Trust Fund
- Trommel screen price is \$175,000 from Maverick Environmental Equipment LLC, located in Alma, Michigan
- Purpose of this screen is to remove garbage and other debris from compost that is utilized for dirt-like material needed to complete all demolition projects
- Screen can also be utilized to blend compost with other materials to create a topsoil product, ultimately saving money and making more usable soil available to benefit the entire city
