RE: On Street Parking Ordinance

To the President and Members of City Council:

On behalf of ProMedica, I am writing to express support for approval of Ordinance #O-145-19, requesting modifications to the Port Authority's operating plan and budget related to on-street parking locations, hours, rates and fees. I have been to many other cities and have found that a well-managed parking system makes it simple and easy to find parking.

As part of our commitment to downtown revitalization, we encourage our employees to experience downtown. The vibrancy, walkability and access to restaurants and entertainment are key to our ability to attract and retain employees. We are committed to the revitalization of downtown and its larger role in the region.

Regards,

Randy Oostra
President and CEO
