**SUMMARY & BACKGROUND:**

The Division of Engineering Services has been working closely with ODOT to secure grant funding through multiple funding programs for several projects. All amounts are grant dollars and are assigned to specific projects as follows:

A maximum of \$2,341,185 has been allocated by ODOT through TMACOG for a reconstruction project; Broadway Street from Western Avenue to Stebbins Street. Matching funds will be provided through the Division of Engineering Services Matches and Planning budget. Construction for this project is scheduled for 2024.

A maximum of \$400,000 has been allocated by ODOT through TMACOG for a resurfacing project; Starr

Avenue from E. Broadway to Belt Street. Matching funds will be provided through the Division of Engineering Services Matches and Planning budget. Construction for this project is scheduled for 2023.

The matching funds will be proposed in the Division of Engineering Services 2023 and 2024 Matches and Planning budgets.

Passage of this ordinance is required to enable the City of Toledo to accept outside funding for these projects and have it in place to help pay for these expenditures.
