Revised

**Amending multiple sections of Chapter 2101 of the Toledo Municipal Code to modernize its terms and reflect current practices, policies, and procedures.**

**SUMMARY & BACKGROUND:**

Toledo Municipal Code Chapter 2101 governs the terms and conditions of employment for the City of Toledo’s Classified Exempt and Executive Exempt employees. This Ordinance amends thirty-four (34) Sections, repeals five (5) Sections, and enacts two (2) new Sections of this Chapter of the Toledo Municipal Code.

All updated Sections herein will be effective at the earliest period allowable by law; however, the new Section 2101.36 “Vacations” will be effective January 1, 2024. Exhibit 1 details the changes to the current versions of the affected Code Sections.

This amendment modernizes the Toledo Municipal Code to reflect the current classifications, practices, nomenclature, and wages for Exempt employees, as well as replicates recent updates that were made to the collective bargaining agreements that impact or are impacted by this Chapter of the Code. Moreover, these changes are being made to support the retention and recruitment of talented professionals, increase employee morale, and sustain the current initiatives of the department or division.

- b) Particularly it is the express intent that this Title shall not be interpreted in such a manner as to cause or constitute a violation of any law, specifically including Title VII of PL-88-352, as amended, known as the Equal Employment Opportunity Act of 1964, the Civil Rights Act of 1991, the Americans with Disabilities Act, the Family and Medical Leave Act, provided, however, that any remedy for violation of such acts shall be as set forth in the Act.
- c) All references to employee(s) in this Title designate both sexes.

is hereby repealed.

SECTION 6. That a new Toledo Municipal Code Section 2101.05 is enacted as follows:

2101.05 Pledge Against Discrimination and Coercion.

This Title shall not be interpreted in such a manner as to cause or constitute a violation of any law, including Title VII of the Civil Rights Act of 1964, as amended, the Civil Rights Act of 1991, the Americans with Disabilities Act, the Family and Medical Leave Act, and Ohio Revised Code Chapter 4112; provided, however, that any remedy for violation of such acts shall be as set forth in the Act.

The Mayor may at his/her option grant temporary, limited, or conditional waivers as he/she sees fit.

is hereby repealed.

SECTION 8. That Toledo Municipal Code Section 2101.11, which states as follows:

2101.11 Sick Pay Usage.

Sick pay is pay to the employee for the necessary absence from duty on a regularly scheduled work day because of illness, injury or exposure to contagious disease suffered by the employee not in the course of his employment, or illness in the employee's immediate family that necessitates the employee's absence from work or would result in serious hardship to the employee's family. Attendance to the immediate family member at a hospital while undergoing serious medical attention shall be included under this provision. Sick pay shall be paid for illness or injury incurred as a result of outside employment. Sick pay shall not be paid to any employee as a result of use of drugs or alcoholic beverages, except for the treatment of abuse, nor for injuries sustained while committing a felony, or other similar action. For the purpose of this section, immediate family shall include only the employee's father, mother, sister, brother, spouse, or child. Where a special relationship exists between the employee and any other person for whom the employee would not normally be granted sick pay, said sick pay will be granted upon pre-authorization of this relationship by the Division of Administrative and Human Resources. An affidavit stating the existing relationship and certifying that the person resides at the employee's household and is dependent on the employee for their well-being must be approved by the Division of Human Resources prior to the utilization of any sick pay. The family illness provision shall be for a limited period of time, normally not to exceed seven (7) days, to enable the employee to secure other arrangements for the care of the member of the employee's immediate family. Usage of "sick family" of three (3) consecutive work days or more shall require a "Statement of Attending Physician".

is hereby repealed.

SECTION 9. That Toledo Municipal Code Section 2101.11 is enacted as follows:

2101.11 Sick Pay Usage.

Sick pay is pay to the employee for the necessary absence from duty on a regularly scheduled work day because of illness, injury or exposure to contagious disease suffered by the employee not in the course of his employment, or illness in the employee's immediate family that necessitates the employee's absence from work or would result in serious hardship to the employee's family. Attendance to the immediate family member at a hospital while undergoing serious medical attention shall be included under this provision. Sick pay shall be paid for illness or injury incurred as a result of outside employment. Sick pay shall not be paid to any employee as a result of use of drugs or alcoholic beverages, except for the treatment of abuse, nor for injuries sustained while committing a felony, or other similar action. For the purpose of this section, immediate family shall include only the employee's father, mother, sister, brother, spouse, child, legal guardian, or person acting in loco parentis. The City may require proof of the aforementioned relationship. The family illness provision

shall be for a limited period of time, normally not to exceed seven (7) days, to enable the employee to secure other arrangements for the care of the member of the employee's immediate family. When the use of "sick family" time extends beyond three (3) consecutive work days, the employee shall furnish the City with a "Statement of Attending Physician" or a suitable equivalent as determined by the Department of Human Resources.

SECTION 10. That Toledo Municipal Code Section 2101.12, which states as follows:

2101.12 Reporting; Proof of Illness

- a) The employee, while absent on sick pay, must notify his/her supervisor under agreed practices. When claiming sick days an employee must remain at home caring for his/her illness unless he/she is away receiving medical attention such as in a hospital, at a doctor's office or at a pharmacy, and be able to document the absence from home. Where an employee who is recuperating from surgery or some other major medical condition is advised by his/her physician that a change of location would hasten his/her recovery, he/she may do so with the approval of the Division of Human Resources. An employee who is recuperating from surgery or other medical condition and who has not been released to return to work by a physician within ten (10) work days does not have to remain at home provided that their physician's statement indicates that remaining home is not necessary to their full and fast recovery. The employee then shall be allowed, under these conditions, to continue to receive sick pay benefits.
- b) When the use of sick days extends beyond five (5) consecutive work days, the employee shall furnish the City with a statement from the attending physician, on the form provided by the City, substantiating the facts concerning the employee's condition.
- c) When an accumulation of sick days taken within a calendar year reaches five (5) days or forty (40) hours for an employee in an Administrative Salary Group 1-15 position, then the employee is to document all future use of sick leave for the remainder of that year. The 5 day/40-hour limit shall include all days or portions of days. The City "Statement of Attending Physician" must set forth the employee or family member's condition that requires his/her absence.
- d) When an accumulation of sick days taken within a calendar year reaches six (6) days or forty-eight (48) hours for non-major illnesses or injuries for an employee in an Administrative Salary Group 1-15 position, then the employee will be subject to discipline for each additional sick leave usage for a non-major illnesses or injuries. The 6 day/48-hour limit shall include all days or portions of days. A major illness or injury shall be the same as one qualifying for FMLA leave. Prior to any disciplinary action being taken, the City will afford the employee an opportunity to explain any legitimate reason(s) for the use of sick time.
- e) Any absence from duty as the result of a claimed illness or injury may be investigated during the employee's normal working hours by an authorized City representative.
- f) Any employee found guilty of abusing sick pay benefits provisions set forth herein or whose reasons for absence are falsified shall be subject to appropriate disciplinary action.
- g) Employees are required to use time from their paid leave accumulations to cover partial day absences for purposes of public accountability. Employees who have no accrued time must request unpaid leave for such absences for these same purposes. This recognizes the long-standing policy of the City to only pay employees for hours worked or hours of accumulated paid leave in order to maintain accountability

to the public for expenditures from the public treasury. Further, this recognizes that with the pay-out of unused time under other provisions of this Chapter, partial day absences must be covered by accumulated time in order to avoid the overpayment of unused vacation and sick time.

is hereby repealed.

SECTION 11. That Toledo Municipal Code Section 2101.12 is enacted as follows:

2101.12 Reporting; Proof of Illness

- a) The employee, while absent on sick pay, must notify his/her supervisor under agreed practices. When claiming sick days an employee must remain at home caring for his/her illness unless he/she is away receiving medical attention such as in a hospital, at a doctor's office or at a pharmacy, and be able to document the absence from home. Where an employee who is recuperating from surgery or some other major medical condition is advised by his/her physician that a change of location would hasten his/her recovery, he/she may do so with the approval of the Department of Human Resources. An employee who is recuperating from surgery or other medical condition and who has not been released to return to work by a physician within ten (10) work days does not have to remain at home provided that their physician's statement indicates that remaining home is not necessary to their full and fast recovery. The employee then shall be allowed, under these conditions, to continue to receive sick pay benefits.
- b) When the use of sick days extends beyond three (3) consecutive work days, the employee shall furnish the City with a statement from the attending physician, on the form provided by the City, substantiating the facts concerning the employee's condition.
- c) When an accumulation of sick days taken within a calendar year reaches five (5) days or forty (40) hours for an employee in an Administrative Salary Group 1-15 position, then the employee is to document all future use of sick leave for the remainder of that year. The 5 day/40-hour limit shall include all days or portions of days. The City's "Statement of Attending Physician" form must set forth the employee or family member's condition that requires his/her absence.
- d) When an accumulation of sick days taken within a calendar year reaches six (6) days or forty-eight (48) hours for non-major illnesses or injuries for an employee in an Administrative Salary Group 1-15 position, then the employee will be subject to discipline for each additional sick leave usage for a non-major illnesses or injuries. The 6 day/48-hour limit shall include all days or portions of days. A major illness or injury shall be the same as one qualifying for FMLA leave.
- e) Any documentation required by this section shall be furnished within three (3) work days after the employee returns to work.
- f) Any absence from duty as the result of a claimed illness or injury may be investigated during the employee's normal working hours by an authorized City representative.
- g) Any employee found guilty of abusing sick pay benefits provisions set forth herein or whose reasons for absence are falsified shall be subject to appropriate disciplinary action.
- h) Employees are required to use time from their paid leave accumulations to cover partial day absences for purposes of public accountability. Employees who have no accrued time must request unpaid leave for such absences for these same purposes. This recognizes the long-standing policy of the City to only

pay employees for hours worked or hours of accumulated paid leave in order to maintain accountability to the public for expenditures from the public treasury. Further, this recognizes that with the pay-out of unused time under other provisions of this Chapter, partial day absences must be covered by accumulated time in order to avoid the overpayment of unused vacation and sick time.

SECTION 12. That Toledo Municipal Code Section 2101.13, which states as follows:

2101.13 Sick Pay Extensions.

In the event the extended illness of an employee has exhausted all accumulated sick days, bonus days and vacation days, then a request may be made to the Director of Administrative and Human Resources for extended sick pay benefits. The employee's prior work record with regard to usage of sick days and the employee's seniority shall be taken into account in determining the eligibility of the employee for such extension. In the event a sick and accident insurance benefit is secured, then this benefit shall be discontinued.

is hereby repealed.

SECTION 13. That Toledo Municipal Code Section 2101.14, which states as follows:

2101.14 Injury Pay.

(a) Employees injured in the course of and arising out of their employment under such circumstances as would cause such injury or disability to be compensable under the Worker's Compensation laws of the State of Ohio will be eligible to participate in the City's Injury Pay Program.

(1) Employees sustaining a work related injury that requires medical attention at a medical treatment facility (i.e., sprains, simple fractures, etc.) will be transported to and treated by a program physician or medical facility. The program physician, along with rendering a diagnosis and prognosis, will determine if the employee is capable of returning to regular duties, whether a transitional work assignment is appropriate, and the necessary rehabilitation plan to be followed; this plan will include the duration of any transitional work assignment not to exceed 30 calendar days and indicate any physical therapy the injured employee may require. The program physician(s) may require follow-up medical evaluations.

(2) Employees sustaining a work related emergency/trauma injury (i.e., life threatening, severe body injury) may be treated at any medical treatment facility to which emergency medical personnel transport them. The employee will subsequently be examined by the Program Physician. The designated Program Physician will determine if the employee is capable of returning to regular duties or if a transitional work assignment is appropriate and the necessary rehabilitation plan to be followed; this opinion will include the duration of any transitional work assignment not to exceed 30 calendar days and indicate any physical therapy the injured employee may require. The Program Physician(s) may require follow-up medical evaluations.

(3) An employee may, after the initial evaluation by the Program Physician, elect to continue treatment with their personal physician provided the Program Physician's recommendations are followed. The employee will sign any necessary waivers to allow their personal physicians to release information to the Program Physician. The employee's personal physician will be the physician of record for workers' compensation purposes.

(b) Upon the Program Physician's determination that an injury requires the employee to be off work, wherein the employee reports said injury within twenty-four (24) hours of the incident of illness or injury, paid

leave shall be granted by the Division of Human Resources for up to 60 days.

Should such disability exceed sixty (60) calendar days, the Commissioner of Human Resources, on application therefor and proof of continued disability, may extend the period during which such person is carried on the regular payroll. The length of such extended period or periods shall not exceed two (2) years.

Injury pay extension requests, accompanied by a "Statement of Attending Physician" setting forth the illness or injury and the need for additional time, must be presented to the Commissioner of Human Resources no later than one (1) week after the expiration of the original sixty (60) day disability period. If the above requirements are not fulfilled, the request for injury pay extension may not be considered.

(c) Workers' compensation: at the expiration of the injury leave granted, if the employee is still unable to return to work, the employee may elect in writing to use accumulated sick and other accrued time. If the employee is still unable to return to work, payment of normal wages will be stopped and the Industrial Commission will be requested to begin weekly payment under the provisions of the Workers' Compensation act.

(d) If the opinion of the employee's treating physician conflicts with that of the Program Physician and such opinion is presented to the City in seven (7) calendar days of the Program Physician's evaluation, and if the physicians cannot agree after consultation, the employee will be referred for a third opinion. The third opinion shall be determinative of the employee's injury pay status under the contract and shall not be subject to further appeal or review. If the third opinion is consistent with the Program Physician's plan and the employee fails to abide by the rehabilitation plan, or if the employee enters and later drops out of the plan, then the City can recoup injury pay advanced from the employee's sick time accumulation. If the employee does not have a sufficient sick time balance, the City shall recoup the injury pay by reducing future sick leave earnings by one-half until the injury pay is fully recouped.

(e) Employees who sustain injuries in the course of and arising out of their employment under such circumstances as would cause such injury or disability to be compensable under the Worker's Compensation Laws of the State of Ohio who choose not to be evaluated by the Program Physician or who choose not to follow that physician's recommended program and go only to the physician of their choice are not entitled to any paid injury leave benefits contained in this collective bargaining agreement. Notice of intent not to participate in the City's Injury Program must be given within three (3) work days of the injury. Any and all work-related injury claims will be processed through and conform with the Workers' Compensation Act.

(f) False Claim: The City reserves the right to recoup benefit payments to any employee who is guilty of submitting a false claim, or abuse of the privileges covered in this section, or working for another employer while on injury leave, and may take disciplinary action.

(g) An employee working in a transitional work assignment will be compensated at their regular rate of pay. The employee will not be entitled to overtime, etc., since the employee is not fit to perform all of the duties of the classification.

Transitional work assignments will be identified by the Division of Human Resources in consultation with those divisions who have appropriate tasks available.

It is not the intent of this section to allow divisions to provide transitional work above that identified nor is a division required to provide transitional work where no such appropriate tasks have been identified and recognized.

is hereby repealed.

SECTION 14. That Toledo Municipal Code Section 2101.14 is enacted as follows:

2101.14 Injury Leave.

In accordance with City Administrative Policy and Procedure titled "Injury Leave," employees injured in the course of and arising out of their employment under such circumstances as would cause such injury or disability to be compensable under the Worker's Compensation laws of the State of Ohio will be eligible to participate in the City's Injury Leave Program.

Any employee who is injured during the course of his/her employment shall be paid a minimum of eight (8) hours pay for that day, if such injury requires the employee to leave the job for medical treatment by a professional medical care provider.

An employee, who is unable to work because of a disability arising out of their employment, shall accumulate seniority during this period of sickness or disability not to exceed two (2) years duration, provided the employee has not secured other full-time employment during the term of this disability. This period may be extended by mutual agreement. Prior to the end of three (3) months and each quarter thereafter the City will meet with the employee to determine if the employee will be able to return to their employment.

An employee shall be ineligible for the Injury Leave Program for failing to comply with the provisions provided in this section or Administrative Policy and Procedure #12 "Injury Leave."

False Claim: The City reserves the right to recoup benefit payments to any employee who is guilty of submitting a false claim, or abuse of the privileges covered in this section, or working for another employer while on injury leave, and may take disciplinary action.

SECTION 15. That Toledo Municipal Code Section 2101.15, which states as follows:

2101.15 Injury at Work.

Any employee in salary groups A-1 through A-15 who is injured during the course of his/her day's employment shall be paid a minimum of eight (8) hours pay for that day, if such injury requires the employee to leave the job for medical treatment by a professional medical care provider.

is hereby repealed.

SECTION 16. That Toledo Municipal Code Section 2101.17, which states as follows:

2101.17 Excused Absences up to Five (5) Days, and Personal Leave Applications.

A personal leave of absence at the request of the employee may be granted upon the approval of the City in accordance with the rules established herein. An approved leave of absence shall be required when the employee will be absent on his/her own accord for more than five (5) work days. Any request for excused absence for a period of five (5) work days or less may be granted by the employee's supervisor without the necessity of preparing formal leave papers. Requests for leave of absence shall be in writing, in duplicate; shall be signed by the employee stating the reason for leave; and shall be subject to approval by the City. One (1) copy shall be retained by the employee and one (1) copy by the Division of Human Resources.

(e)

(1) For Classified Exempt employees with a City seniority date on or before December 31, 2008, at any time that the full rates or longevity rates or other payments, such as pension pick-ups, lump sums, and allowances, established for groups one (1) through fifteen (15) become less than one full percent (1.0%) above the total of corresponding compensation in Chapter 2105 of the Code, entitled "Supervisory, Technical and Professional Employees Union Local 2058", then those rates or payments shall be increased or corresponding payments initiated so that the total of corresponding compensation for groups one (1) through fifteen (15) is one percent (1.0%) over the total corresponding Local 2058 compensation.

(2) For Classified Exempt employees with a City seniority date on or after January 1, 2009, the provision of Section 2101.58(e)(1) with respect to pension pick-up does not apply.  
(Ord. 8-09. Passed 1-20-09.)

(f) Employees who are "red circled" at a rate above the authorized rate for their classification shall receive no increases in their red-circled rates, but shall be given a lump sum payment computed by multiplying the percentage increase in "Hay Rates" that year by their base annual red-circle rate. Annual lump sum payments shall continue until the increases in the authorized ("Hay") rates provided in the foregoing paragraphs of this

section causes those rates to equal or exceed the employees' red-circle rates. These lump sum payments, which shall not be added to the base rates, shall be payable the first full pay period of January of each year to those red-circled employees then on the payroll. In the year in which the Hay Rate equals or exceeds the red-circled rate for employees, the employees shall receive a lump sum computed by adding the percentage increase in the Hay Rate that year to their red-circle rate and subtracting their new Hay Rate. They shall then be paid at their new Hay Rate.

(g) An employee who is promoted or who works above his/her classification will receive the Promotional Starting Rate of the class to which the employee has been promoted unless the Promotional Starting Rate of the new classification is less than four percent (4%) greater than the rate the employee was earning in his/her regular classification. If the Promotional Starting Rate of the new classification is not at least four percent (4%) greater than the rate the employee was earning in his/her regular classification, then the employee shall receive the full rate of the new classification. Promoted employees at the Promotional Starting Rate will remain at the rate for one (1) year after their appointment to that classification subject to paragraph (f). The Promotional Starting rates shall be as follows:

(h) At the discretion of the appointing authority either newly hired employees, or an employee who is promoted or works above his/her classification, may be paid at the Starting Rate of the salary shown in this section for the period indicated, as specified in the aforementioned paragraphs (d) and (g), or due to extenuating circumstances, may be paid at a higher starting rate or at the full rate of their salary grade.

(i) Whenever it becomes necessary to determine the hourly or daily rate of pay for an employee whose rate is stated herein as an annual salary, the determination shall be made by dividing the annual salary by two thousand eighty (2,080) to determine the hourly rate, or by two hundred sixty (260) to determine the daily rate

of compensation for the employee.

(j) In addition to the above amounts, employees in Salary Groups one (1) through fifteen (15) appointed prior to July 1, 1982, shall be entitled to and be paid longevity pay for their years of service with the City.
