The power outage at Government Center commenced on June 21, 2019 and was restored June 25, 2019. The first power outage at 420 Madison Avenue commenced on June 25, 2019 and was restored June 28, 2019. The second power outage at 420 Madison Avenue commenced on July 5, 2019 and was restored July 06, 2019. Due to the complications related to the power outages, and to assure the safety of local residents, the expertise and equipment available through a private contractor were necessary.
