The Ohio Department of Transportation (ODOT) has identified the need to replace a culvert structure underneath the Anthony Wayne Trail at Delaware Creek. This Ordinance and cooperative agreements are needed to allow ODOT to conduct this work within the limits of the City of Toledo. There is no City of Toledo financial participation in this project.

The City of Toledo desires the State of Ohio, Director of Transportation, to proceed with the aforesaid highway improvements.

NOW, THEREFORE, Be it ordained by the Council of the City of Toledo:

- 2) The City of Toledo consents to having the State acquire all necessary rights-of-way for the subject project in the name of the City of Toledo.
- 3) The City of Toledo agrees, upon completion of the project, to own and maintain all those portions of the project under its jurisdiction.
- 4) The State agrees to be the lead agency and to administer the construction phase of this project.

SECTION 4. That the City of Toledo agrees that all existing street and public way rights-of-way, within the jurisdiction of the City of Toledo, that are necessary for the described project, shall be made available therefor. The City of Toledo further agrees that any rights-of-way acquired by the City of Toledo, on behalf of the described projects, shall be acquired and/or made available in accordance with current State and Federal regulations.

The City of Toledo agrees that all utility accommodation, relocation, and reimbursement will comply with the current provisions of 23 CFR 645 and the ODOT Utilities Manual.

SECTION 5. Upon completion of the projects, and unless otherwise agreed, the City of Toledo shall:

- 1) Provide adequate maintenance for those portions of the project under the jurisdiction of the City of Toledo in accordance with all applicable state and federal law, including, but not limited to, Title 23, U.S.C., Section 116;
