2022 ESO - ePCR & NFIR Contract
Fire Department
Ted Sheares (x3515)
Revised

Authorizing the Mayor to enter a three-year software license agreement, with two additional one-year auto-renewal options for Fire's Electronic Patient Care and National Fire Incident Reporting software; authorizing a General Fund expenditure of \$466,935.87 over the term of the agreement; waiving competitive bidding under TMC Chapter 187; and declaring an emergency.

SUMMARY & BACKGROUND:

Since December 2016, the Toledo Fire and Rescue Department (TFRD) has partnered with ESO for emergency medical and fire incident reporting. Their product is currently integrated into our system and fulfills our software needs for state fire incident reporting, maintenance of medical records, and medical transport billing. Additionally, various local hospital systems utilize the ESO format to share patient outcome data. For these reasons, Fire requests the need to continue to use the ESO software.

The annual costs for this software over the term of the agreement are as follows:

Year 1	\$79,184.00
Year 2	94,784.00
Year 3	94,784.00
Year 4	97,627.52
Year 5	<u>100,556.35</u>
Total	\$466,935.87

NOW, THEREFORE, Be it ordained by the Council of the City of Toledo:

SECTION 1. That the Mayor is authorized to enter a three-year software license agreement, including two additional one-year auto-renewal options, with ESO, Inc. for Electronic Patient Care & National Fire Incident Reporting software use upon terms and conditions deemed proper and requisite according to the Director of Fire and Rescue and the Director of Law.

SECTION 2. That, subject to annual appropriations, the expenditure of an amount not to exceed \$466,935.87 over the term of the agreement authorized in Section 1 is authorized from the General Fund, Account Code 1001-53000-3341002SUPSRV for the use cost of ESO, Inc. software.

SECTION 3. That this Council finds and determines it is in the best interest of the City to waive the competitive procurement requirements of TMC Chapter 187 for the reason that ESO, Inc. is uniquely qualified to manage ePCR and NFIR reporting requirements for TFRD as mandated by NEMESIS, the Ohio State Fire Marshal, and all other applicable codes and laws.

SECTION 4. That the Finance Director is authorized to issue warrant or warrants against the above-mentioned Account Code in an amount not to exceed those authorized above in payment of the above-authorized obligations upon presentation of proper voucher or vouchers.

SECTION 5. That this Ordinance is declared to be an emergency measure and shall be in force and effect from and after its passage. The reason for the emergency lies in the fact it is necessary for the immediate preservation of the public health, safety and property, and to facilitate the uninterrupted processing of fire electronic patient care and national fire incident reporting requirements as mandated by NEMESIS, the Ohio State Fire Marshal, and all other applicable codes and laws.

Vote on emergency clause: yeas _____, nays _____.
