**SUMMARY & BACKGROUND:**

Owens Community College (OCC) is conducting a Feasibility Study to better understand opportunities for expansion of the physical footprint of the institution to include a City of Toledo location. The proposed cost of the Feasibility Study is \$55,250. The City of Toledo desires to collaborate with OCC and fund \$27,625 of the proposed cost or 50%. Key focus of the Feasibility Study are Regional and Institutional Assessment and Transportation and Location analysis.

The Feasibility Study will assess prospective, current, and past student perceptions of location and its impact on student enrollment and engage a wide number of community stakeholders to best assess the opportunities for new locations including innovative partnership, discounted space opportunities, and enrollment enhancement due to ease of access by targeted individuals.
