Authorizing the expenditure of \$110,423 from the Sewer Operating Fund to Taylor Excavating for the emergency repair of a main and multiple collapsed laterals located at 1527 North Detroit; authorizing the mayor to enter into necessary agreements; waiving the competitive bidding requirement of TMC 187; and declaring an emergency.

SUMMARY & BACKGROUND:

A portion of sewer main (Sewer No. 351) collapsed in the pavement near 1527 North Detroit Ave. in April 2019. The inspection section found that immediate repairs were necessary to assure the safety of the citizens. Due to the depth, size, and excessive utilities, the Department of Public Utilities (DPU) required the expertise and equipment available through a private contractor to complete repairs. TMC Section 187 requires City Council to be informed of the emergency and for authorization to pay the repair and waiving the competitive bidding. Sufficient funds are available within the DPU operating budget to pay for this emergency sanitary sewer repair.
