SUMMARY & BACKGROUND:

In order to maintain the wastewater and stormwater collection systems in an efficient manner, precast concrete and related materials are required for the routine operation of the Division of Sewer and Drainage Services. This Ordinance will allow for the Division to advertise, accept bids and enter into one (1) year contracts with up to three (3) one (1) year renewals with the successful bidder.

NOW, THEREFORE, Be it ordained by the Council of the City of Toledo:

SECTION 1. That the mayor is authorized to accept bids and enter into contracts for an initial term of one (1) year with up to three (3) one-year renewal options for the purchase of precast concrete and related materials for repairs of the collections systems, upon such terms and conditions as the Director of the Department of Public Utilities and the Director of Law deem requisite and proper.
