**Granting a Special Use Permit, for a Bed and Breakfast, for a site located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio; subject to certain conditions and waivers; and declaring an emergency.**

### SUMMARY & BACKGROUND:

By application (SUP-1002-20) filed with the City of Toledo Central Permit Center, a request for a Special Use Permit for a Bed and Breakfast for a site located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio; was submitted to the Toledo City Plan Commission for its review and recommendation.

On March 12, 2020, the Toledo City Plan Commission recommended approval for the request for a Special Use Permit, for a Bed and Breakfast, for a site located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio.

On April 15, 2020, Toledo City Council, Planning and Zoning Committee reviewed, and sent without recommendation a request for a Special Use Permit for a Bed and Breakfast for a site located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio; and all other things required by law to be done, have been done.

NOW, THEREFORE, Be it ordained by the Council of the City of Toledo:

SECTION 1. That a Special Use Permit for a Bed and Breakfast for a site located at 4601 Dorr Street, City of Toledo, Lucas County, Ohio; be and the same is hereby approved, subject to the conditions contained in Section 2 hereof which must be complied with, as to the property more fully described as follows:

SECTION 2. That the approval of the Special Use Permit for a Bed and Breakfast for a site located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio; shall be subject to compliance with the 51 conditions as follows:

The following fifty-one (51) conditions are listed by agency of origin. Applicants are encouraged to contact each of the agencies to address compliance with their conditions.

1. A pre-submittal meeting is not required; however, one may be requested. Contact information is as follows:  
  
Division of Engineering Services: ph. 419-245-1315, fax 419-936-2850  
Right-of-Way and Inspection: 419-245-1341  
Roadway: 419-245-1344  
Water: 419-936-2163  
Stormwater Drainage: 419-245-3221; 419-245-1338  
Sanitary Sewers: 419-936-2276
2. All proposed sidewalk, drive approaches, curb, and pedestrian curb ramps within the public right-of-way shall be constructed in accordance with the City of Toledo Construction Standards, Specifications, Toledo Municipal Code, and Americans with Disabilities Act guidelines.
3. All commercial drive approaches, (along with the sidewalk through the drive) shall be constructed with 8” thick concrete per City of Toledo Construction Standards and Specifications. No curb shall be permitted in the right-of-way along either side of a drive approach. No horizontal curb cutting will be permitted to create a curb drop/opening. Existing drive approaches, including the curb drop, that will no longer be utilized shall be removed and restored with curb to match the adjacent curb.
4. Required permits for all approved work in the public right-of-way shall be obtained, before work begins, from One Stop Shop, (419) 245-1220.  
  
Contact (419) 245-1341 for inspection of above-mentioned items.
5. Water service is available subject to the Rules and Regulations of the Department of Public Utilities.
6. Water service for this project shall be from the 8-inch diameter public water main on the north side of Dorr Street. The 24-inch diameter public water main on the north side of Dorr Street is a transmission main and is not available for domestic water usage. An additional connection, to the 24-inch water main, will be allowed if the development demonstrates, via a hydrant flow test, a need for additional water for fire protection. The Division of Water Distribution performs flow tests for a fee of \$150. Contact the Division of Water Distribution (419-245-1395) to schedule a flow test.
7. Private water mains feeding proposed hydrant(s) shall be minimum 8-inch diameter. The size of the domestic water service lines shall be shown on the plans.
8. Detailed plans for the water service lines shall be submitted to the Division of Engineering Services for review and approval. Plan design and submittal shall comply with the current version of the City of Toledo DPU Infrastructure Design and Construction Requirements.
9. The current version of “WATER GENERAL NOTES FOR CITY OF TOLEDO PRIVATE WATER MAINS, FIRE LINES AND LARGE SERVICES” shall be included on the plans and can be obtained from the City of Toledo Division of Engineering Services.
10. Plans for water service lines supplying multi-unit housing shall be submitted to and approved by the Ohio EPA prior to starting construction of the water service lines.

11. The water meter setting detail, including meter bypass (if applicable) and backflow preventer, shall be submitted to the City of Toledo Backflow Prevention Coordinator, 401 S. Erie Street, Toledo, OH 43602 for review and approval.
12. All commercial properties are required to have approved backflow protection devices installed on the domestic water service and fire protection lines. The Division of Water Distribution must verify installation of the devices and all devices must be registered with BSIonlinetracking.com @ 800-414-4990. Contact the Division of Water Distribution (419-936-2839) to verify the backflow prevention requirements for this site.
13. Contact the City of Toledo Fire Prevention Bureau (419-245-1263) to verify the fire protection requirements for this site. Verify that the hydrant locations shown are acceptable to the Toledo Fire Prevention Bureau. Contractors performing work on new or existing fire systems shall be licensed by the State of Ohio Fire Marshall and certified by the City of Toledo Fire & Rescue Department.
14. Maintain a minimum of 10 feet separation between proposed hydrant and proposed storm and sanitary sewers.
15. Contact the Division of Transportation (419-245-1306) for maintenance of traffic requirements for work in Dorr Street.
16. Stormwater drainage for site development submittals are required in compliance with the latest version of the City of Toledo's Infrastructure Design and Construction Requirements <http://toledo.oh.gov/services/public-utilities/engineering-services/plan-review-process/>
17. The proposed basin is nonstandard and will be evaluated for approval based on a submittal of design calculations. While a basis of design is required for all stormwater management proposals, it shall be customized for the unique proposal, and follow Ohio guidelines for the proposed practice. The Ohio method for calculating runoff reduction may add to the strength of the proposal. Appropriate construction methods to avoid compaction and premature clogging of the infiltration bed would also need to be proposed in the engineering plans. If the evaluation finds the design justification to be inadequate, a standard connection between the basin and a storm sewer outlet will be required. In either case, a post-construction maintenance plan for the final design is required and shall be recorded.
18. A Stormwater Pollution Prevention Plan (SWP3) submittal shall be approved by the city prior to commencement of construction.
  - Submittal of the completed CGP checklist is required for a full stormwater review of the proposal; therefore, it shall be submitted in order for the city to issue a list of required stormwater corrections.
  - SWP3 shall include, in its final form, a list of responsible parties and their contact information. Form is available at <http://www.tmacog.org/storc/swp3.htm>.
19. Sanitary sewer service for this development is available subject to the Rules and Regulations of the Department of Public Utilities.
20. A single sanitary sewer tap from this site shall be allowed into the public sanitary sewer system.

Developer shall use existing sanitary tap, when available.

21. All sanitary sewer manholes in the project area shall have solid lids installed on them.

#### Sewer & Drainage Services

22. S&DS requires that all private sewer lines that are not being removed or properly abandoned (both storm and sanitary) be cleaned and inspected.
23. S&DS requires that the private sanitary lines (after they have cleaned) that are not being removed or properly abandoned be televised from the building (or private cleanout) to where they connect with the public sewer system if this has not been done in the past (2) two years. An electronic copy (DVD/memory stick) shall be provided to S&DS demonstrating the lines cleaning and integrity.

#### Plan Commission

41. Per TMC§1104.0402, a bed and breakfast use may not exceed four bedrooms for guests or a maximum of six guests per night. Not acceptable as depicted on site plan. Applicant shall obtain a waiver to allow twenty-four (24) bedrooms.
42. Per TMC§1106.0300, multiple buildings on a lot are permitted in RM12, RM24, RM36, IL, IG, IP and IC zoning districts. Not acceptable as depicted on site plan. Applicant shall obtain a waiver to allow three (3) additional buildings at the site.
43. Per Parking Schedule A, the minimum number of parking spaces required for a bed and breakfast is half (0.5) per sleeping room. Acceptable as depicted on site plan.
44. Any spaces reserved for the use by persons with physical disabilities shall adhere to the standards outlined in TMC§1107.1700. Acceptable as depicted on site plan.
45. Off-street parking and loading spaces, parking lots, maneuvering areas, aisles and driveways must be surfaced with concrete, bituminous asphalt, or other dust-free material other than gravel or loose fill, and be graded to drain all surface water towards the interior of the parking lot or to a stormwater treatment facility subject to the regulations approval of the Department of Public Utilities.
46. Whenever a parking lot extends to a property line, sidewalk, planting strip, or building, a wheel stop device consisting of a concrete stop, a permanent concrete curb, an expanded sidewalk or other suitable restraint as approved by the Planning Director must be installed to prevent any part of a parked motor vehicle from extending beyond the property line, overhanging a pedestrian walkway or sidewalk, or

damaging any structure or landscaping (TMC§1107.1907(A)). Not acceptable as depicted on site plan. Wheel stop devices shall be added to prevent damage to the required shrub rows.

47. The façade colors shall be low-reflectance, subtle, neutral or earth tone colors (i.e. gray, brown, tan). Building trim and accent areas may feature brighter colors, including primary colors subject to the approval of the Planning Director.
48. A detailed site, lighting, fencing and four (4) copies of a landscaping plan (separate from building & site plans) shall be submitted to the Plan Director for review and approval. Such plan shall include:
  - a. Perimeter landscaping must be installed along any parking lot area adjacent to a street, place or driveway, or which is visible from an adjacent property, and shall be ten feet (10') in width; not acceptable as depicted, shrub rows shall screen headlights of parked vehicles from driveway and surrounding uses.
  - b. Topsoil must be back filled to provide positive drainage of the landscape areas;
  - c. Landscaped areas may not contain bare soil, aggregated stone or decorative rock. Any ground area must be covered with hardwood mulch, grass or other vegetative ground coverage;
  - d. The location number, height, diameter and species of any materials to be planted and maintained, as well as the location and number of any existing trees to be retained; acceptable as depicted on landscaping plan, acceptable as depicted;
  - e. The location, height and materials for any fencing to be installed and maintained. Pursuant to TMC§1105.0302(A)(1), fences may not exceed 3 ½ feet in height in the required front setback, acceptable as depicted, existing fence shall remain; and,
  - f. The location and direction of any proposed lighting (lights are to be directed away from adjacent residential properties).
49. The Special Use Permit may be reviewed for compliance with the conditions of approval, negative secondary effects, and adherence to all requirements of the Toledo Municipal Code. If outstanding issues are found and not addressed the Special Use Permit may be considered for revocation.
50. Minor adjustments to the site plan that do not violate the above conditions, or the Toledo Municipal Code, may be reviewed and approved by the Director of the Toledo City Plan Commission.
51. No permits shall be issued until arrangements satisfactory to the Director of the City of Toledo Plan Commission have been made for compliance with the conditions as set forth above.

SECTION 3. Waiving the following sections of the Toledo Municipal Code for the zoning maps attached to Part 11, Planning and Zoning, Toledo Municipal Code, for the property located at 4601 Dorr Street, in the City of Toledo, Lucas County, Ohio:

Chapter 1104 Use Regulations

Sec. 1104.0402 Bed and Breakfast - Maximum Size - A Bed and Breakfast use may not exceed four (4)

bedrooms for guests or a maximum of six (6) guests per night.

Approve a waiver to allow twenty-four (24) bedrooms at the site. Staff does not have concerns with high density at the site. The entire site is ±216 acres and primarily used for recreational purposes.

Chapter 1106 Intensity and Dimensional Standards

Sec. 1106.0301 Applicability - More than one principal building shall be allowed on a lot when all of the buildings are intended to be operated as a single enterprise and the lot and all portions of it are owned, leased, or under option by a single entity. This applies to the RM12, RM24, RM36, IL, IG, IP and IC zoning districts. More than one principal building on a lot in other zoning districts is allowed only in a Planned Unit Development (PUD).

Approve a waiver to allow multiple buildings on a lot in RS6 - Single Family Residential. The existing site is legal non-conforming to this regulation currently, and again as the site is ±216 acres, high density is not a concern.

SECTION 4. That when the conditions contained herein above have been complied with, the Secretary of the Toledo City Plan Commission be and he is hereby directed to change the zoning maps to conform with the within Ordinance.

SECTION 5. That this Ordinance hereby is declared to be an emergency measure and shall be in force and effect from and after its passage. The reason for the emergency lies in the fact that same is necessary for the immediate preservation of the public peace, health, safety and property, and for the further reason that the Ordinance must be immediately effective in order to provide for the orderly regulation and use of the property and to protect the land value in the area.
