Approving a Petition For Special Assessments for Special Energy Improvement Projects and a Project Plan for the Northwest Ohio Advanced Energy Improvement District under Chapter 1710 of the Ohio Revised Code; to authorize and levy special assessments for the purpose of acquiring, constructing, and improving certain public improvements in the City of Toledo in cooperation with the Northwest Ohio Advanced Energy Improvement District; and to approve an Energy Project Agreement in connection with such improvements and special assessments; and declaring an emergency.

SUMMARY & BACKGROUND:

The City of Toledo, the City of Oregon, the City of Maumee, the City of Northwood, the City of Perrysburg, the City Sylvania, the Village of Whitehouse, the Township of Monclova, the Township of Springfield, the Township of Swanton, and the Township of Sylvania, and the Toledo-Lucas County Port Authority have partnered to create an Energy Special Improvement District (“District”) under Ohio Revised Code Chapter 1710 and a non-profit corporation, known as the Northwest Ohio Advanced Energy Improvement District (“Corporation”), to govern the District. Property owners within the District are permitted to make certain “energy efficiency improvements” to their properties, which constitute a “special energy improvement project”, and pay for the cost of the special energy improvement project by way of special assessments in accordance with the process set out in Chapters 727 and 1710 of the Ohio Revised Code. Revised Code Section 1710.01 (G) provides that special energy improvement projects (including energy efficiency improvements) constitute public improvements and are therefore subject to special assessments.

The Lucas County Land Reutilization Corporation (the “Petitioner”) is the owner of 100% of the property described on **Exhibit A** attached hereto (the “Property”). The Petitioner has caused the completion of an energy assessment of the Property.

The energy assessment has identified energy conservation measures, all of which qualify as energy efficiency improvements as defined in Revised Code Section 1710.01(K), which Petitioner has determined to proceed with implementing in conjunction with financing to be secured by and repaid through special assessments.

Petitioner has submitted to this Council the Petition for Special Assessments for Special Energy Improvement Projects (the “Petition”) seeking (i) the addition of certain of its property to the District and (ii) approval of an amendment to the District’s comprehensive plan for special energy improvement projects to include the 625 Collins Street Special Energy Improvement Project (the “Special Energy Improvement Project”) and requesting that the Project be undertaken by the District and that the costs thereof be specially assessed against the Property specially benefited thereby.

A complete list and description of the Special Energy Improvement Project is on file with the Clerk of Toledo City Council and is attached as Exhibit B to this Resolution. **Exhibit B** provides the following information for the Special Energy Improvement Project:

1. Identification of the parcel number and name of the Property/building to be improved;
2. A description of the nature of the Special Energy Improvement Project for the particular parcel;
3. The estimated amount of the special assessment to be levied against the Property (the “Special Assessment”) and the number of years the Special Assessment will be collected (if not paid in cash within 30 days after the passage of the assessing ordinance as provided by law).

The total dollar cost of the Special Energy Improvement Project, including accrued interest and the associated closing costs, is estimated to be Eight Thousand, Seven Hundred Thirty-Three Dollars and Six Cents (\$8,733.06). Each semi-annual payment represents the payment of a portion of the principal of and interest, the program administration fee, and the Lucas County, Ohio special assessment collection fee due with respect to each semi-annual payment. The total amount to be assessed against the property pursuant to this Ordinance is Ten Thousand, Six Hundred Three Dollars and Twenty Cents (\$10,603.20).

The cost of the Project will be funded through a loan from the Toledo-Lucas County Port Authority’s Residential PACE Loan Fund. Ultimately, the loan will be repaid over time from the Special Assessments paid by Petitioner. Petitioner, in turn, is expected to be able to pay a portion of the Special Assessment from the energy savings estimated to be achieved as a result of the Special Energy Improvement Project.

The annual Special Assessment for the Special Energy Improvement Project is to be paid in semi-annual payments over ten (10) years. The plans and specifications for the Special Energy Improvement Project are on file with the Clerk of Council. The Petitioner also waives all further notices, hearings, claims for damages, rights to appeal and other rights of property owners under the law, including but not limited to those specified in the Ohio Constitution, Chapter 727 of the Revised Code, the Toledo City Charter and the Toledo Municipal Code. Petitioner consents to the immediate imposition of the Special Assessment upon the Property specially benefited by Special Energy Improvement Project.

This special assessment process is a voluntary process with one hundred percent of the cost of the Special Energy Improvement Project being assigned to the specially benefited Property. This resolution accepts and approves the petition from Petitioner, to begin that special assessment process, and is accompanied by an

ordinance to proceed with Petitioner. When the Special Energy Improvement Project is complete and the final costs known, an assessing ordinance directing that the necessary Special Assessment be made against the benefited Property will be presented to the Council. NOW, THEREFORE,

Be it ordained by the Council of the City of Toledo:
