SUMMARY & BACKGROUND:

Both the State Capital Improvement Program and Local Transportation Improvement Program provide financial assistance to political subdivisions for capital improvements to public infrastructure. The infrastructure improvements detailed and delineated in Section 1 are considered to be priority needs for the community and are qualified projects under these Ohio Public Works Commission Programs. Passage of this legislation is procedurally required to allow the City of Toledo to apply for this capital improvement funding.

Secor from Laskey to Alexis

Lagrange from Greenbelt to Summit
Large Diameter Sewer Rehabilitation

SECTION 2. That the mayor is authorized to enter into any agreements as may be necessary and appropriate for obtaining such financial assistance upon such terms and conditions as shall be approved by the Director of Transportation and the Director of Law.

SECTION 3. That, if the projects described in Section 1 above are approved for financial assistance, the City of Toledo will commit the necessary funds to meet the local share and make any loan repayments as required in the corresponding project applications and OPWC guidelines.

SECTION 4. That this Resolution is declared to be an emergency measure and shall be in force and effect from and after its passage. The reason for the emergency lies in the fact that this Resolution is necessary for the immediate preservation of the public peace, health, safety, and property and for the further reason that this Resolution must be immediately effective in order to permit the timely submittal of funding applications for the above projects.
