### SUMMARY & BACKGROUND:

This ordinance authorizes the expenditure of \$216,930 for the purchase and installation of security cameras and associated hardware and software. The city will be installing cameras in the downtown pedestrian walkways. Additionally, new security camera hardware and software (with maintenance support) will be purchased in order to upgrade the systems used to support all of the city's security cameras. Funding for this purchase will come from a combination of Law Enforcement Trust Fund dollars, remaining Police CIP project dollars, and the proceeds received earlier this year from the sale of the Police's helicopter.

NOW, THEREFORE, Be it ordained by the Council of the City of Toledo:

SECTION 1: That the sum of \$150,000 is appropriated from the unappropriated balance of the General Fund to Account Code 1001-52000-3381002STDSTD and the expenditure of same is authorized for the purchase, installation and maintenance of cameras, equipment, hardware and software for the security cameras system.

SECTION 2. SECTION 3. That the Mayor is authorized to prepare plans and specifications and to accept bids and award contracts in an amount not to exceed \$216,930 for the purchase authorized in Section 1. Contracts shall contain such terms and conditions as the Mayor may deem requisite and proper and shall be subject to approval by the Chief of Police and the Director of Law.

SECTION 4. That this Ordinance is declared an emergency measure and shall be in force and effect from and after its passage. The reason for the emergency lies in the fact that the same is necessary for the immediate preservation of the public peace, health, safety, property, and for the timely installation and upgrade of security camera systems in order to enhance public safety.
