Amending the Toledo Municipal Code by repealing Chapter 933.10(a) and replacing it with a new Chapter 933.10(a) and enacting a new Chapter 933.10(c), Customer Assistance Program; and declaring an emergency.

SUMMARY & BACKGROUND:

This ordinance modifies an old Customer Assistance Program by adjusting terms for small loans and adds grants. Specifically, existing Chapter 933.10(a) provides loans to property owners who qualified under the Home Energy Assistance Program (HEAP) for leaks in lateral iron pipes. The new modifications replace former subsection (a) by relaxing the HEAP requirement and identifying lead lateral service lines. Subsection (b) will remain unchanged. The ordinance additionally seeks to add a grant section via subsection (c) for customer assistance in paying water bills to avoid termination of service, subject to appropriate funding allocations.
