Revised

Authorizing the disappropriation of \$695,700 in the Local Fiscal Recovery Fund; authorizing the appropriation and expenditure of \$1,200,000 from the Local Fiscal Recovery for the purchase of equipment for blight clean-up operations; authorizing the Mayor to enter into contracts for said equipment purchases; and declaring an emergency.

SUMMARY & BACKGROUND:

The Division of Urban Beautification is charged with the responsibility of cleaning up blight within the City of Toledo. Although Urban Beautification has many pieces of equipment, it is necessary to purchase new equipment specifically for blight clean-up. This Ordinance will allow the purchase of two (2) mini non-CDL rated garbage trucks which can empty public trash cans or pick up illegally dumped tires, two (2) mini track loaders which can navigate into nuisance property backyards through fence entryways and small paths, two (2) non-CDL rated grapple trucks with swing arms that can pick up large pieces of bulk debris on the curb side or in the right-of-way, and the appropriate trailers and crew cab pick-up trucks to haul these pieces of equipment. Currently, the crew is using equipment which is shared with the street repair programs in the Department of Transportation.

As a response to the public health emergency, and the negative impacts the crisis has had on neighborhood blight, the city will be utilizing Local Fiscal Recovery Funds to support the purchase of the above pieces of equipment to improve the health and wellness of struggling neighborhoods. On a daily basis, crews from the Division of Urban Beautification are deployed to areas of the city experiencing excess illegal dumping. Crews collect all debris and dispose at the city's Hoffman Road Landfill. The city will track the pounds of debris and number of tires collected on a daily basis using CityWorks software.

The necessary expenditure is included in the Toledo Recovery Plan and was anticipated for the purchase of the equipment, however due to equipment and price changes, reapportions of funds within specific account codes will need to occur. Ordinance 241-21 appropriated \$695,700 for blight operations for specific equipment and services. This Ordinance disappropriates that amount and re-appropriates it for the equipment anticipated below. All pricing is considered estimated and could change due to today's economic condition. The following items will be purchased:

<u>Equipment Purchase</u>	<u>Estimated Price</u>
2 Freightliner Chassis Trucks with 11 yd Loadmaster Body	\$ 412,000
2 Dingo Mini-Track Loaders	\$ 108,000
2 Peterson Grapple Trucks	\$ 402,000
4 1/2 Ton 4x4 Crew Cab Pickup Trucks	\$ 175,000
2 Skid Steer Trailers	\$ 20,000
2 4-in-1 Buckets	\$ 21,000
Total	\$ 1,138,000

The total amount to be expended in the above schedule is not to exceed \$1,200,000
