HOME FOR EVERYONE

ONE YEAR ACTION PLAN

WHY WE'RE HERE

- Talk about homelessness in our community
- Share our plan for the next year
- Show how we will improve our system

THE PROBLEM

The old system had many barriers

People had to repeat their story many times

Agencies did not always share information

Help was sometimes slow or confusing

OUR BIG CHANGE

Open HMIS System
- Providers can share information (with permission)
- We can see a person's full story
- Less repeated questions
- Faster help

ANOTHER BIG CHANGE

New Housing Assessment

- **Providers can share information (with permission)**
- **We can see a person's full story**
- **Less repeated questions**
- **Faster help**
