

WHEREAS, the “SMART Analysis” is a expenditure of ARPA funds will be critically reviewed. The SMART Analysis include an evaluation and demonstration of the following:

- Sustainable in that it meets the City’s current and future ability of future generations to meet their needs
- Meets White House/US Treasury Guidelines
- Accountable so there is justification for the City of Toledo to perform that activity, and the City will report on the status and outcome of the activity
- Return on Investment so there are specific metrics to measure the expenditure of federal funds that are qualified for federal collaboration to minimize cost and maximize impact
- Transparent in that the who, what, how, when, and where of the activity is clearly defined

a tool by which the appropriation and  
viewed financially. The elements of the SMART  
on that the proposed use of APRA funds is/have:

current needs without compromising the economic  
own needs;

ines;

he use of the funds, a clear responsibility of the  
nd an identified responsible person or party who  
the use of these funds;

ic and measurable results linked to the  
ntitative, qualitative or both, and we have sought  
nize outcomes;

when and where of each dollar spent is clear; and

## **SMART Analysis**

Proposed ARPA Program or Project:	Central and Detroit Intersection Improvements
Program or Project Description:	Improve traffic safety at a critical intersection within the Justice 40 area.
Proposed Amount:	\$ <b>810,099</b>

SMART Analysis Element	
Sustainable	This is a capital improvement project that will upgrade the intersection of Central and Detroit Avenues by installing a roundabout to improve the safety of the intersection.
Meets Guidelines	This project will improve multimodal access, calm traffic speeds and reduce the number of serious injuries and fatalities within the Justice 40 area and is in line with the Toledo Vision Zero Plan.
Accountable	A City Representative is on site during installation to ensure quality of work.
Return on Investment	The installation of roundabouts have been found to reduce the number of crashes and injuries within an intersection, as well as the reduce traffic delays and fuel consumption. <a href="https://www.transportation.ohio.gov/about-us/basics/roundabouts">https://www.transportation.ohio.gov/about-us/basics/roundabouts</a>
Transparent	The use of public bidding procedures and the City of Toledo purchasing policies and procedures provides transparency of the use of the funding.
