THE FAIR HOUSING CENTER

Opening doors to opportunity since 1975

Analysis of Impediments to Fair Housing Choice

SINCE 1975

MISSION

The Fair Housing Center is a nonprofit civil rights agency that promotes housing choice, the creation of inclusive communities of opportunity, and the protection and expansion of fair housing rights to support strong communities free from housing discrimination.

SINCE 1975

Housing—where you live—powerfully impacts every aspect of your life—job opportunities, education transportation, health, safety. Fair Housing ensures every person can find a home regardless of

race, color, national origin, sex, religion, familial status, disability, military status, sexual orientation, gender identity, source of income, or immigration status.

A large red heart and a white house silhouette are positioned on the left side of the image. The heart is a solid red color and is significantly larger than the house. The house is a simple white silhouette with a chimney on the left side and several small black squares representing windows. Both are set against a background of light-colored, horizontally-oriented wooden planks. The right side of the image is a solid black background with white text.

SINCE 1975

OUR IMPACT

Since its founding, the Center has operated as one of the most progressive and effective proponents of fair housing, leading national efforts and setting precedents that have markedly improved the quality of life for millions of Americans.

It started with one complaint, and now the Center has investigated more than 13,500 complaints of discrimination and recovered more than \$35 million, reinvested back into the community.

ANALYSIS OF IMPEDIMENTS BACKGROUND

An important part of the solution is punishing discrimination when we can uncover it. But merely reacting to discrimination has never and will never be the full solution.

We must also affirmatively further the goals of the fair housing act.

BEYOND REDLINING

"THE REFUSAL OF FEDERAL AGENCIES TO ISSUE MORTGAGES TO THOSE NEIGHBORHOODS IN THE 1930S AND 40S — THAT'S ONE OF MANY POLICIES THAT WERE FOLLOWED, BUT IT DOESN'T ENTIRELY DETERMINE TODAY'S LANDSCAPE, AND THERE ARE MANY, MANY OTHER POLICIES THAT GET IGNORED THAT ARE EQUALLY IMPORTANT." RICHARD ROTHSTEIN, AUTHOR OF "THE COLOR OF LAW"

EXAMPLE: OTTAWA HILLS

THE AI PROCESS

1. Begins with community outreach—surveys and focus group meetings.
2. Reviews local history and demographics, drawing on census data and other studies.
3. Identifies barriers to fair housing choice.
4. Provides an Action Plan to eliminate or alleviate the identified barriers.

- 13. Access to water services**
- 14. Public awareness**

CRIMINAL HISTORY SCREENING ACTION PLAN

Take advantage of new
CQH program and build
this process into local
systems.

ACCESS TO HOMEOWNERSHIP ACTION PLAN

- Homeownership fairs to educate the community on access to homeownership.
- Incentivizing banks to increase access to home loans through better marketing and product offerings.
- Encourage banks to better disclose their commitments to the Toledo area. This should include an explanation of how banks are meeting Community Reinvestment Act requirements in the area more specifically.
- To accomplish these goals, the City should consider reviewing how local laws can provide incentives to banks.
- Develop a program to help local residents with tangled title problems that prevent families from inheriting title from a deceased relative.
- The City should also undertake a more thorough analysis and study of the available HMDA data and lending patterns in the area to better understand these issues.

ACCESSIBLE HOUSING FOR PERSONS WITH DISABILITIES

- Ensure enforcement of the existing state building code regarding accessibility, especially as it relates to renovations of existing older buildings, such as buildings downtown now being converted to housing.
- Ensure enforcement of the City's local visitability laws.
- Build more accessible affordable housing. The homelessness rate in the area is particularly plagued by chronically long-term homeless persons who highly likely have significant disability, which is also addressed in the section covering homelessness.

SOURCE OF INCOME DISCRIMINATION ACTION PLAN

Enforce the adopted source of income discrimination law. The City has already been working with The Fair Housing Center to discuss enforcement of the local law. Next steps should include development of processes to accept complaints, process investigations, and make recommendations to the law department and/or the prosecutors office.

VOUCHER MOBILITY ACTION PLAN

Encourage and help LMH to increase mobility for voucher holders.

Architectural blueprints are shown in the background, featuring various technical drawings, dimensions, and annotations. The drawings include floor plans with room layouts, wall thicknesses, and door placements. Dimensions are provided in feet and inches, such as 2380, 3510, 810, 2650, 2180, 5940, 810, 740, 970, 1385, 990, 330, 830, 40, 1030, 1480, 150, 890, 380, 155, 1780, 890, 1250, 250, 2560, 2810, 150, 760, 370, 1125, 350, 1185, 270, 425, 3175, 2500, 3100, 1010, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. The blueprints are rolled up and scattered across the left side of the image.

LAND USE AND ZONING ACTION PLAN

- **Change its local zoning restrictions regarding group homes for persons with disabilities. As described above, the City should adopt the changes previously suggested by The Fair Housing Center.**
- **Adopt local zoning restrictions on small box stores that contribute to food deserts in disinvested areas.**
- **Adopt local zoning laws that incentivize the development of healthy food providers.**
- **Ensure neighborhood plans that have included resident involvement are enforced and adopted as part of the City's zoning processes, such as plans developed by the Toledo Design Collective or other entities that have worked to ensure neighborhood resident involvement.**

LGBT+ ACTION PLAN

The City should ensure enforcement of its local laws regarding nondiscrimination in housing. This will help reduce concerns of discrimination considering recent developments nationally that have been hostile to LGBT civil rights. This can be accomplished with enforcement of the same laws that protect against discrimination based on source of income, Chapter 554 of the Toledo Municipal Code.

HOMELESSNESS AND AFFORDABLE HOUSING ACTION PLAN

Development of more affordable housing should be a key priority for the City. The City has expended these efforts in recent years and must continue to do so. The City should include funding for services for residents and develop projects that specifically help the chronically homeless that need services to successfully remain housed.

LOCAL LAWS THAT LIMIT OR ELIMINATE ACCESS TO HOUSING SERVICES, AND HOUSING DEVELOPMENT ACTION PLAN

Local laws that have created difficult and sometimes impossible processes for the use of City funds to help low-income and minority neighborhoods must be eliminated as soon as possible. The City must remove laws described above that require a project labor agreement and other processes and requirements even for nonprofit small projects to help low-income families with roofs or small repairs.

SUBSTANDARD HOUSING CONDITIONS ACTION PLAN

- Ensure enforcement of local codes, such as the lead poisoning prevention law.
- Increase the budget and staffing for code enforcement as described above.
- Continue programs that help address housing conditions issues with direct assistance to tenants facing substandard conditions in rental units. This includes The Fair Housing Center's Housing Conditions and Neighborhood Reinvestment program.

HOUSING CONDITIONS EXAMPLES - BEFORE

PUBLIC TRANSPORTATION ACTION PLAN

- **Study how to increase and improve its services specifically for families most reliant on its services, especially low-income persons with disabilities and Black families.**
- **Increase paratransit services county-wide as discussed above.**

IMPEDIMENTS IN RENTAL HOUSING ACTION PLAN

Many of the actions listed above will address impediments in rental housing. Considering that an increasing number of Toledo homes are rentals, the City should prioritize this work with continued outreach events, as well as fair housing services such as those provided by The Fair Housing Center.

PUBLIC AWARENESS OF RIGHTS AND RESPONSIBILITIES UNDER FAIR HOUSING LAWS ACTION PLAN

During the period of the last Analysis from 2020-2025, the City adopted several important changes to local laws to help address barriers to housing related to water services. These changes had a positive impact. However, as described above, one of those changes — protecting against abusive water reselling practices — has not been enforced as required. Through the period of this new Analysis from 2025 through 2030, the City should prioritize enforcement of the water reselling rules.

PUBLIC AWARENESS OF RIGHTS AND RESPONSIBILITIES UNDER FAIR HOUSING LAWS ACTION PLAN

The City should continue ongoing efforts to support education and outreach work by The Fair Housing Center. Potential new projects may include joint events and presentations in coordination with the City.

THANK YOU!
