Economic Development based Activation Efforts

Big Picture Goals:

1. Promote Living Downtown Toledo
2. Fill the Bars, Restaurants and Retail businesses with customers
3. Fill downtown Toledo buildings with tenants

Local programming = more local economic impact

Local bands + local media + local businesses

- Financial investment in local bands, sound, stage and other vendors keeps the economic impact local
- Partnering with local media and local businesses to cross promote activation efforts creates a measurable return on investment
- Collaborating with downtown organizations like the Metroparks, Mud Hens, Huntington Center, Destination Toledo and more exponentially amplifies all efforts to promote downtown living, working and visiting.

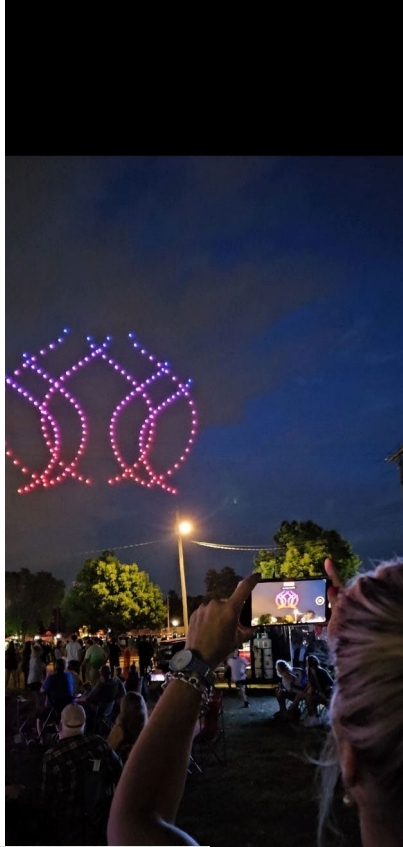

Event cross promotion is critical for attendance!

Social Media, Radio, Digital Ads and PR

- Cross promotion of events downtown is already happening with the Downtown Toledo and Destination Toledo social pages and more – that will continue and will include Party in the Park.
- Event targeted social media content and paid digital ads will enhance the attendance and awareness of the activation efforts, benefiting all businesses and organizations downtown.
- By adding some exciting “extras” to the concerts like confetti, glow night, Hot Air Balloon Glow and the Drone Show, we will also enhance the perception of safety, fun and family friendly events downtown.
