RE: Combine Parcels Form

This letter is to state that parcel numbers 02-18114 and 02-18117 have been combined. Though they will not be taxable as one entity until tax year 2026, the Auditor considers them combined for any other purposes. This letter should serve as proof that the parcels are combined for the purpose of getting a building permit.

To whom it may concern,

I am asking if I can keep my privacy fence in place due to privacy and security for my property.

It was installed before I brought the property. The neighborhood has high drug and crime activity and the fence makes the property secure. The fence has 22 feet clearance to the street.

My property has been vandalized with dynamites sticks thrown in the backyard. The fence makes me feel safe in my own yard. Makes the property look nice. Cutting down the height would lose my privacy and security. I made privacy walls I want to ask to keep in place due to vandals and cameras pointed in my yard after courts told them to move the cameras. We will be afraid of our lives if we had to cut the fence down because of the neighborhood crimes.

I want to ask if I can install cement slabs for parking due to neighborhood vandalism and limited parking.

NOTICE OF NON-COMPLIANCE

(Initial Warning of Violation)

Douglas Williams
325 Whittemore St
Toledo, OH 43605

RE: Notice of Zoning Violation at 325 Whittemore St

Dear Mr. Williams,

The above referenced location was visited on **08/07/2025** and found to be in violation of the following Toledo Municipal Code zoning regulations:

- **TMC 1115.0204 Violations** – The privacy fence and accessory structures (sheds) require a Certificate of Zoning Compliance from this office.
- **TMC 1105.0300 Fences, Residential** – Fences shall not exceed 3 ½' in the front yard and 6' in the rear and side yards. On a corner lot, both street facing sides of the lot are considered front yards.
- **TMC 1106.0100 Residential Setbacks** – A structure (fence) may not be constructed on a vacant lot within 25' of the property line. Recommend combining parcels to avoid this constraint.
- **TMC 1105.0203 Number of Structures** – No more than 2 (two) accessory structures are allowed in a Residential District including garages. One of the accessory structures (sheds) shall be removed.
- **TMC 1107.1906 Parking Surfaces** – Off-street parking and driveways shall be surfaced with concrete or bituminous asphalt. Gravel is not an approved parking surface and vehicles shall be removed from this surface.

You have thirty (30) days to correct the issue(s). Failure to do so would be considered a violation of the zoning code and subject to fines and/or legal action. Any issue(s) that are corrected and reoccur within one year from this letter are subject to immediate fines.

Please contact me at 419-245-1200 with any questions. Thank you for your cooperation in this matter.

Respectfully Submitted,
